

## GERMANY HOLDS UP AGREEMENT ON NEUTRALITY

### Nazi Sentiment Against "Red Spectre" In Spain Rises

Paris, Aug. 7.—(P)—Adolf Hitler's stony silence tonight seriously delayed completion of France's proposed general European agreement for neutrality in Spain's civil war.

Germany's failure to answer French overtures to join a non-aggression pact was considered in some diplomatic quarters an indication the Nazis intended to keep the way open for help to the fighting Spanish rebels as long as possible.

Questions raised by Premier Mussolini in Italy's acceptance of non-interference "in principle" likewise regarded as a fascist attempt to delay diplomatic negotiations, which officials said might be long and drawn out.

Even if eight interested European powers do agree to neutrality, it was said, the French version of the agreement indicated only shipments of airplanes, arms and munitions would be forbidden, leaving foreign nations free to supply either of the belligerents privately with money or such essential commodities as petroleum.

Berlin, Aug. 7.—(P)—Powerful voices were raised in Nazi Germany tonight for collective action by European powers "to put an end to the red spectre" in Spain.

While the government of Adolf Hitler was represented as still considering possibility of an eight-nation neutrality pact in the Spanish crisis, reported execution of four German citizens in Lefist Barcelona stirred Nazis to fierce resentment.

The National Zeitung, official newspaper of the Nazi party and edited by Air Minister Hermann Goering, called frankly for international action.

Bitterly condemning what it called "murder" of the four Germans "by a revolutionary tribunal," Goering's paper questioned whether the Spanish government was capable of controlling any longer "the terror regime of Communist hordes."

London, Aug. 7.—(P)—Great Britain turned tonight her warships to immediately return the fire of any "accidental" shelling by either rebel or Spanish government forces.

As the British government issued its second warning of the day through authorities at Gibraltar, officials at Whitehall made it clear retaliatory measures will be taken on the spot against any further attacks.

Carried to Gen. Francisco Franco, insurgent leader, was a protest from Gibraltar that rebel airplanes had fired on H. M. S. Basilisk.

## Landon Prepares Eastern Itinerary

### Governor To Cross Illinois Night of Aug. 21

Topeka, Kan., Aug. 7.—(P)—A partial itinerary of his first eastern campaign swing, embracing a score of platform appearances in four states within two days, was issued tonight by Gov. Alf M. Landon.

Starting from Denver Thursday morning, August 20, the Republican nominee will make four stops in Colorado, seven in Nebraska, including an overnight stay at Omaha, seven in Iowa and three in Illinois.

Today's chart of the cross-country trek toward West Middlesex, Pa., for his initial eastern speech carried Landon only as far as Chicago.

Aides said no appearance was planned at Chicago, which would be reached at 10 p. m. (Central standard time) August 21, but that the special train would strike out from there for Ohio and Indiana.

The governor's schedule called for him to cross Illinois the night of Aug. 21, arriving at Sterling at 7:15 and leaving 3 minutes later; arriving at Dixon at 7:30 and leaving 10 minutes later; arriving at De Kalb at 8:35 and leaving 5 minutes later.

The itinerary for the remainder of the trip, which includes speeches at Chautauque, N. Y., August 24 and at Buffalo August 26, as well as that for the return was under consideration.

### DROWNS IN RAIN BARREL

Shelbyville, Ill., Aug. 7.—(P)—Coroner Charles Miner today returned a verdict of accidental drowning in the death of Mrs. Elnora Troutman, 54, of Windsor, whose body was found in a rain barrel at her home last night.

It was believed a chair on which Mrs. Troutman had been standing to plunge tipped over and caused her to plunge into the barrel. Her son, Howard Troutman, found the body.

### FARMER KILLED IN WRECK

Freeport, Ill., Aug. 7.—(P)—Robert Mayer, 26, a farmer, was killed and his companion, John Ness was injured when Mayer's car collided with a truck on a bridge here.

## Farmers Profit From Rapid Rise In Wheat Prices

### Say Grain Has Brought Ten Million Dollars Extra To Growers

Chicago, Aug. 7.—(P)—American wheat farmers have taken almost \$100,000,000 out of the grain markets since the first of July, board of trade figures disclosed today.

Of this total, almost \$100,000,000 has accrued because of higher prices resulting from the drought's destruction of much spring wheat, these figures showed.

Farmers have been the principal beneficiaries of the rising prices paid for wheat by buyers on the board of trade and at other terminal markets, according to an exchange statement. Always alert to sell their crops at higher price levels, they have marketed approximately 93,000,000 bushels of wheat at the 13 primary grain centers since July 1 when the marketward movement of new wheat usually gets underway.

During this period the price in Chicago rose from 93¢ on June 30 to a high of \$1.14 for September delivery and from around \$1 to \$1.21 for No. 2 hard wheat in the cash market. Statisticians pointed out that if the total volume of wheat sold at a "Median" of about \$1.06, farmers' returns were \$98,560,000, less marketing and handling charges. Had this sensational price rise not occurred the same volume of wheat would have brought only approximately \$89,380,000 at market.

Traders pointed out that the same sunshine which has ruined much of the spring wheat has ripened a strikingly superior grade of grain elsewhere in the farm belt. Axel Allman, acting chief grain inspector of Illinois, said much of the grain coming from Illinois, Indiana, Iowa, Nebraska and Kansas has been far superior to any received last year, "perhaps for several years." He pointed out that under the hot sun the wheat has ripened faster and contains more than the usual number of hard, vitreous kernels.

## Retrial of Muench Baby Hoax Case Is Begun in Missouri

### Witness Repeats Testimony: Attempted Bribe Stopped First Trial

Kahoka, Mo., Aug. 7.—(P)—In a trial halted at noon to avoid drawing attendance from the county fair, slim, blonde and oft-wedded Mrs. Grace Caroline Thomason repeated to a crowded court room today her disclosure of an alleged \$250,000 baby hoax.

Chic in a black and white ensemble, she was the first state witness in the retrial of Mrs. Nellie Tipton Muench; her husband, Dr. Ludwig O. Muench, and two co-defendants on charges of conspiracy to obtain unlawful custody of a child.

Testifying with assurance, she said she was asked by Wilfred Jones, an attorney and also a defendant, to aid in a "deal" to collect a quarter-million dollars from a bachelor St. Louis physician by making him believe he was the father of a child born to Mrs. Muench.

"Mrs. Muench said to me," the witness continued, "that she had a friend, a Dr. Pitzman, who was very wealthy, that she had an affair with him, and that she would accuse him of being the father of her baby."

"I asked her what Dr. Muench thought about it, and she said he knew all about it and that he was going to threaten to sue her for divorce and name Dr. Pitzman, and that she thought the Pitzman family would pay off without a trial in order to avoid publicity."

Dr. Marsh Pitzman, appearing as a witness for the state in the first trial, which ended abruptly last April when a juror reported he had been approached with a bribe offer, testified he believed for a time he was the father of a child in the Muench home.

The St. Louis Court of Appeals in a decision last fall, held Mrs. Muench had obtained the infant son of Anna Ware, unwed servant girl, "to palm it off on the public as her own." The baby was returned to Miss Ware by the court's order.

## HELD UNDER BOND FOR KILLING MOTHER CAT

Aurora, Ill., Aug. 7.—(P)—William Nolan, 70, was ordered held to the Kane county grand jury under bond of 1,000 today on a charge of slaying "Tabby," mother of six kittens.

The complainant was Clarence Gazauskas, grocer and owner of the cat.

Arraigned before Police Magistrate Lambert Ochenschlager, Nolan said he did away with the cat because it had been killing his chickens. He was held under a statute making it unlawful to kill an animal without cause.

### VALENTINO'S WIDOW MISSING

Hollywood, Aug. 7.—(P)—Natacha Rambova, second wife of the late Rudolph Valentino, now a resident of the Island of Mallorca, off the coast of Spain, has not been heard from since the civil war began, her aunt, Mrs. Theresa Werner, said today. The island has been reported bombed.

## REBELS BATTER LOYALIST PORT IN NORTH SPAIN

### Warships Bombarding Fascist Fort In South

Madrid, Aug. 7.—(P)—Spanish rebels tonight battered the loyalist seaport of Gijon and gripped two northern provinces with increasing power, while in the south government warships pounded fascist forts at Alaciras with a barrage of death-dealing shellfire.

Gijon was reported on the verge of collapse after a two-day bombardment and 300 were said to have died. The city was damaged heavily.

Fascist forces made their first apparent major advance in the north with a march in Guipuzcoa and Asturias provinces. A food shortage was reported in loyalist San Sebastian.

The fascist gunboat was fired by the loyalist Jaime I which bombarded rebel land batteries near Alaciras. It burned fiercely in the harbor.

The Alaciras rebel fortifications were reported seriously crippled, if not put out of action entirely, by the bombardment.

The Jaime I, accompanied by the Libertad and the Cervantes, returned tonight and renewed bombardment. No return fire came from the rebel fort, indicating its guns may have been irreparably damaged.

Dispatches from Morocco stated Gen. Francisco Franco had assembled 4,000 rebel troops at Ceuta for another crossing to the mainland. He was believed already to have ferried 8,000 men across the Gibraltar Straits.

The Catalan government at Barcelona said loyal troops were marching on Huesca and had captured several villages on the heights overlooking the town.

Leflists from northern Navarre said popular front forces armed with machine guns attacked a rebel supply train and routed its convoy, leaving a number of dead and wounded.

On the southern Navarre sector, leftists claimed they fought off a rebel attack and captured insurgent arms and other supplies.

Valencia dispatches announced transports were taking 3500 militia on an expedition to rebel Mallorca, in the Balearic Isles. Bombing planes also were ready to take off from Valencia to aid the attack.

Loyalists troops reported a 41 mile advance against the strong fascist fighters in the mountains outside Madrid. Rebels renewed bombardment of Gijon, northern seacoast city.

## Return Verdict of Accident in Crash Which Killed Eight

### Cause of Air Tragedy Still Mystery: Gas Poison Theory Dismissed

St. Louis, Aug. 7.—(P)—Carbon monoxide poisoning was dismissed today by a coroner's witness as a possible cause for the crash which killed all eight occupants of Chicago and Southern's Luxury Airliner, "The City of Memphis."

Bruce E. Braun, operations manager of the air line, testified at an inquest that construction of the \$50,000 Lockheed-Electra Monoplane, with its outside motors, made seepage of gas fumes into the pilot's cabin impossible.

A verdict of "accident from causes unknown" was returned by the jury after it had heard Braun and several near eye-witnesses to the crash Wednesday night.

Coroner Luke B. Tiernon, conducting what was on the whole a non-technical inquiry into the deaths of Pilot Carl Zeier, co-pilot Russell C. Mossman and six passengers, mentioned the carbon monoxide theory while questioning Braun. It had been suggested by Dr. J. S. Young, member of the smoke committee of the St. Louis Medical society.

To test this theory, Dr. Young took samples of the blood of both pilots for analysis at Washington University's School of Medicine. If traces of carbon monoxide were found, Dr. Young said, "it might explain a lot of airplane accidents that have never been explained before."

Inspection of the crash scene, an isolated farm four miles north of Lambert-St. Louis Municipal Airport, and the scattered remains of the plane was completed this afternoon by bureau of air commerce experts.

Eugene L. Vidal, director of the bureau, who came here to head the government's inquiry, announced a public hearing would begin tomorrow. Before the investigators for solution was the mystery of why Pilot Zeier turned back to the airport within a few minutes after he had taken off.

### SUES FOR DIVORCE

Los Angeles, Aug. 7.—(P)—Judith Allen Doyle, screen actress today filed suit for divorce from Joseph A. Doyle, singing Irish pugilist. She charged Doyle had a violent temper, used offensive language, struck her and once beat her severely in Indianapolis while she was making a personal appearance tour. The additional charges of excessive drinking and association with other women was made.

## Representative Zioncheck Commits Suicide; Plunges From Fifth Story Window

### Extortion Plot Frustrated But Plotter Escapes

### Samuel Butler Threatened in Scheme to Collect \$3,000

Seattle, Aug. 7.—(P)—Rep. Marion A. Zioncheck, Seattle's playboy congressman, dived head first through a fifth story window to instant death tonight, Coroner Otto Mittelstadt reported.

The congressman's body, hurtling down onto a sidewalk, narrowly missed striking W. H. MacFarlane, loan broker who was walking by.

Zioncheck's attractive blonde bride, who was waiting for him in a parked automobile, collapsed and was removed to a hospital.

The coroner, after a hasty investigation, expressed belief Zioncheck had committed suicide.

Zioncheck's brother-in-law, William Nadeau, was in the room used for campaign headquarters at the time, the coroner said.

The coroner quoted Nadeau as saying they both started to leave the office, but Zioncheck whirled and ran 18 feet to the window from which he dived head first.

"It was horrible," MacFarlane said. "I was walking along and the first thing I knew, he landed at my feet."

A note found in the fifth floor room of the Arctic building and apparently written by Zioncheck was quoted by Coroner Otto Mittelstadt as reading: "My only hope in life was to improve the conditions of an unfair economic system."

The body was taken to the county morgue where Mittelstadt, after a brief investigation, said he believed the congressman had committed suicide.

Persons who saw the 34-year-old congressman fall from the window said he apparently was killed instantly. He fell soon after 6 p. m. (8 p. m. GST) while the streets were crowded.

Zioncheck had announced his withdrawal from the congressional race last Saturday but Monday had filed his declaration of candidacy on the Democratic ticket.

He returned here recently from Washington after a series of escapades involving accusations of disturbing the peace and arrests for speeding. He was confined in a Maryland mental hospital. He left the hospital by climbing a back fence.

He said he had decided to run again only after his mother said she wanted him to prove to the people that he was "neither crazy nor foolish."

The fun-loving representative's career started as far back as his college days at the University of Washington.

There he was elected president of the student body. Some time later he was thrown into the Fresh pond on the campus by a band of hooded students.

Zioncheck had launched a campaign against the management of the football team and fraternities.

He was first elected to congress in 1932, and re-elected in 1934.

His Washington antics began last New Year's eve when he plugged in all the telephones in his Washington, D. C., apartment house.

Later he was arrested for speeding in the nation's capital. This was followed by several other arrests for similar violations.

He married Miss Ruby Louise Nixon, progress administration stenographer in Washington, in Annapolis, Md., April 28.

He again made page one of the nation's newspapers by borrowing two dollars for his marriage license.

His marriage followed a whirlwind courtship.

Mr. and Mrs. Zioncheck had a rollicking honeymoon trip to Florida and the Virgin Islands, during which his escapades and troubles led him to try to call out the marines for protection.

He was taken to Gallinger hospital for observation after he had climaxed previous escapades by appearing at the white house with a satchel filled with empty beer bottles—a present for President Roosevelt.

## Former Policemen Given 4-Year Terms

### Peace Makers Seek To Avert Labor War

### Will Try To Patch Up AFL Split

Washington, Aug. 7.—(P)—Peace-makers in the American Federation of Labor's big family quarrel quietly studied the situation today in search of a formula that would avert a final split and forestall a bitter war between the two factions.

The Federation's executive council has ordered suspension of the ten unions affiliated with the committee for industrial organization unless they withdraw from that group by September 5.

John L. Lewis, president of the United Mine Workers and chairman of the committee, has said the committee would proceed with its program regardless of A. F. of L. orders.

But members of both industrial and craft union factions said privately their leaders would be willing to listen to peace plans. Furthermore, peace-makers pointed out that they still had nearly a month for study and negotiations before the two unions could lose their "good-standing," and three months before the "rebels" could be ousted from the Federation by charter revocation.

## ROOSEVELT AND LANDON TO MEET FOR CONFERENCE

### Drought State Govern- ors To Gather Next Month

Hyde Park, N. Y., Aug. 7.—(P)—A meeting with Governor Alf M. Landon of Kansas at a conference of drought state governors was projected tonight by President Roosevelt.

Completing the general outlines of a trip through mid-western drought regions to begin August 25 to 26, the president announced at a press conference he would invite the governors of Iowa, Nebraska, Kansas, Oklahoma and Missouri to a drought discussion, probably in Iowa, early next month.

He enjoyed obviously the stir created among reporters assembled in the tiny study of his home as he inserted Kansas casually in the list.

He added that all the governors would be invited and wanted to know "why not?"

Landon, the Republican presidential candidate, has been taking an active interest in drought conditions in recent weeks and his speaking trip through the east apparently will be finished in time to permit him to sit in on the conference with the president if he desires.

Governor Landon's answer at Topeka was immediate.

"If there is any meeting anywhere at any time of benefit to Kansas, I will attend as governor of Kansas," he said.

Prior to his inauguration in 1933, President Roosevelt turned down an invitation to consult President Hoover on anti-depression measures.

Before going to the drought belt, the president expects to spend Monday through Thursday of next week in Washington, perhaps two days in areas in northern and western Pennsylvania and southern New York hit by floods last March, and probably a week at Hyde Park.

## Grinding of Huge Lens Interrupted

### 200-Inch Mirror May Be in Use By July 1939

Pasadena, Calif., Aug. 7.—(P)—Technicians are taking a brief vacation from grinding the 200-inch mirror for Palomar Observatory, but the respite means no let-down of vigilance in the large workshop.

While the grinders enjoy their holiday trained crews work constantly to keep the massive, valuable piece of glass at an even temperature between 70 and 80 degrees.

The large optical room at the California Institute of Technology is air-cooled and insulated with four inches of cork to prevent undue expansion or contraction of the 20 ton disc.

Work of grinding, shaping, and polishing the glass will be resumed next week, Capt. Clyde S. McDowell, supervising engineer for the \$6,000,000 Palomar Observatory, said it probably would be in operation by July 1, 1939.

Preparation of the mirror which will enable astronomers to explore 50 times as much sky space as was possible when plans were made for the new observatory in 1928 is the biggest test.

## St. Louis Woman Plunges To Death

### Falls from Fire Escape At Health Resort

Chicago, Aug. 7.—(P)—Miss Amy Barck, 30, of St. Louis, plunged to her death tonight from the second floor fire escape of a health resort (North Shore) in suburban Winnetka.

Accompanied by a nurse, Miss Lillian Beers, Miss Barck was admitted to the sanitarium about two weeks ago to be treated for a nervous disorder.

Miss Beers told police her patient was returning to her room when she stepped out on the fire escape. The nurse was a few feet behind her. When she reached the fire escape, she said, Miss Barck lay on the pavement below.

Officials of the sanitarium declined to disclose Miss Barck's St. Louis address or the names of relatives there. Her body was removed to an undertaking establishment in suburban Evanston.

## STOVE EXPLODES

Pana, Ill., Aug. 7.—(P)—Fire started by an exploding gasoline stove today destroyed a tavern and night club two miles east of here on route 16.

William Simpson and Eli Honore, employees, barely escaped from the wooden building as the gasoline sprayed flames over the interior.

Honore was burned about the legs when his clothes caught fire. The loss was estimated at \$5,000.

### TAKES OVER DUTIES

Chicago, Aug. 7.—(P)—William R. Allen, of Peoria, secretary of the Republican State Central Committee, took over new duties today at the party's national headquarters here.

He said his chief duties would be to keep the state and national committee program in Illinois from overlapping.

## Program for Social Credit Progresses In Canada Province

### Registration of Citizens for Dividends Begins

Edmonton, Alta., Aug. 7.—(P)—A 57-year old evangelist turned premier, who upset Alberta economic traditions with a program of social credit, tonight, his supporters asserted, was a step nearer his goal—a "just price" for commodities and payment of dividends to citizens.

Registration of citizens as a first step toward the dividends was under way throughout the province and the first "prosperity certificates" were in circulation.

Just one year ago this month, William Abernethy's newly formed social credit party was elected. His platform included plans to cut deficits, decrease taxation, raise from \$120,000,000 to \$150,000,000 in new social credits and give to the people a "cultural heritage."

The "cultural heritage" would be made operative by payment of \$25 monthly basic dividends. Residents of the province would not be required to pay it back.

The registration just begun, the administration asserted, brought the goal in sight. Business men, farmers and other citizens were asked to fill in the form and subscribe to a covenant that would enable the government to speed production and adjust consumption through increased purchasing power.

Final plans for the payment of dividends, Premier Abernethy said, will be discussed by the legislature when registration has been completed.

## Anti-New Dealers Name Committee To Outline Views

### Southern Opposition Develops To Endorsement of Landon

Detroit, Aug. 7.—(P)—Democratic anti-New Dealers meeting here appointed a committee tonight to draw up an outline of their views after southern opposition to an outright endorsement of Governor Landon had developed.

Chairman of the committee was Joseph B. Ely, former Democratic governor of Massachusetts who earlier had said he would not only support Landon but speak in his behalf and had asserted that Alfred E. Smith would make a speech in Boston opposing the New Deal.

Ely was one of a group of men formerly prominent in Democratic circles who furnished the leadership for today's meeting. When word came from New York, that Smith had described his announcement as unauthoritative, he reiterated his assertion that the 1928 Democratic presidential nominee would make an anti-Roosevelt speech in the Bay state.

Another member of the conference's resolutions committee was Henry Breckenridge, who opposed President Roosevelt in several state presidential primaries, and since has declared himself for Landon.

Other members were Joseph W. Bailey, former Democratic member of the house from Texas; Graham Wright, of Georgia, and H. R. Court, of Baltimore. James A. Reed, former Democratic senator from Missouri, chairman of the meeting, was a member ex-officio.

Ely at the outset of the meeting, held in executive session, proposed that the conference endorse Landon, his proposal promptly met with opposition from the participants from the south.

## Plan Religious Education Meet At Concord Aug. 14

### Conference Session of Mor- gan County Council to Be At M. E. Church

The conference meeting of the Morgan County Council of Religious Education, co-operating with Scott and Cass counties representing the Interdenominational movement in Illinois, will meet at the Concord M. E. Church, Friday August 14, 1936 with morning and afternoon sessions beginning at 9:00 a. m. to 4:30 p. m.

The churches in all three counties are invited to send at least ten representatives to this conference, including pastors, superintendents and church leaders from all denominations. A very fine program has been arranged with this thought in mind. To create, establish and maintain a feeling of sincere Christian brotherhood inspired by true religious cooperation and the teachings of our Christ in making our country and the entire world a neighborhood with Christ our center and all undertakings revolving around this Christ Centered Structure.

Luncheon will be served by the churches of Concord to all representatives for a very reasonable price.

Norman Kelley was in the city yesterday from Manchester.

## INDIANA FARM HAND ADMITS TRIPLE KILLING

### Police Recover Bodies Of Victims Under Barn

Wabash, Ind., Aug. 7.—(P)—Authorities late today recovered the unclad bodies of Mr. and Mrs. John Fielding Wesley and their twelve year old daughter from a pit beneath a barn on their farm near here where they had been buried by Harry Singer, 25, ex-convict farm hand, who confessed to having murdered them on July 21.

The victims of the triple slaying were Wesley, 56, his wife, Mrs. Viola Wesley, 31, and their daughter, Marjorie, 12.

Singer, who had been employed by the Wesleys, was arrested yesterday at North Manchester when he attempted to obtain automobile license plates for his car under Wesley's name.

Deputy Sheriff Vere Howell said Singer confessed to the murders after three hours questioning and claimed he killed the Wesleys because they "mistreated him."

He nonchalantly told how the murders were committed and then said, "I don't regret it a bit. They had it coming to them and I'd do it again."

Deputy Sheriff Howell said Singer's confession related the back of the head while she was milking. The daughter, hearing the shot, ran to the barn and Singer said he beat her to death with the barrel of the shotgun.

Wesley was in North Manchester at the time and Howell said Singer told them he waited in the house until his employer returned, about 6:45 in the evening, and then shot him to death as he stood at a window.

The officer said the farm hand confessed that he stripped all clothing from his victims, dug a five foot pit beneath the floor of the cow barn and threw the bodies into it.

After the slaying, neighbors became suspicious when the Wesleys were not seen and Singer sold cats, cattle and horses belonging to them. Officers said he told conflicting stories of where the family had gone. At one time, Howell said, he claimed the Wesleys had gone back to their former home near Louisville, Ky., to place their daughter in school. Later he said Wesley had fled to avoid paying some debts he owed.

Records in the state criminal bureau in Indianapolis showed Singer has served several prison terms for minor crimes.

Wabash county authorities arranged to bring him here tonight to the Wabash county jail.

## Another Swimming Pool

The proposal made Thursday night at the regular meeting of the city council to use WPA labor and funds to construct a swimming pool for the colored people of Jacksonville is a project that should be followed through to completion.

The colored citizens of this community have long been in need of a satisfactory place where they could swim and enjoy other forms of recreation. While other cities have provided recreation facilities for them, Jacksonville has lagged behind in this phase of civic development.

A number of places have been suggested as suitable sites for this new swimming pool. One location that has been recommended is near the Widenham-Daub wells in the northwest part of the city. When the city engineers start their work to rehabilitate these wells as ordered by the city council, it would be a good idea for them to go ahead with the swimming pool project and do a thorough job cleaning up that area.

## The Revived Belt Line

Residents of West College avenue, whose nerves have been shattered by the grinding of gears at midnight and through the early morning hours whose peaceful slumbers have been broken by unmuffled roars from exhaust pipes, have revived a dream of a few years ago that at some time a belt line might be built around the city to accommodate traffic desirous of avoiding travel through the city.

Although the belt line might remove some of the tourist business, people arguing this point need only to talk to filling station operators to determine the amount of business which might avoid the city if a belt line were available. They need only to look at the auxiliary tanks with which each truck is equipped and then study the gasoline prices in neighboring states to determine whether truckers will pause in this city to buy gasoline and food.

The belt line probably would detour a lot of tourists around the edge of the city, but if tourists are looking for a place to eat, they will stop here whether there is a belt line.

Construction of eating places and gasoline stations along the new belt line is not unimaginable, either.

Right now is the time to act. If the city wants the belt line, those persons interested should act quickly. However, they should not forget that already there is a hard road from Winchester to Alsey, and that there is planned a hard road from Alsey to White Hall, which will detour traffic going north and south from Quincy to St. Louis. The necessity for a belt line might not be as great when the Winchester to White Hall road is completed.

Trucks, according to a report of the National Automobile association, hauled only two percent of the ton-miles freight that was carried last year. Almost every person who has been on the highway is surprised at that low figure. Truck traffic is going to increase.

## Finally Getting the Idea

The address of Governor Landon at Topeka, calling for the enactment of social security legislation, really is something for the country to crow about. It signifies the triumph of a vital national need over years of party partisanship.

For Kansas is not alone in this great move toward social security. In every state, Republicans and Democrats alike are keenly alive to the problem. There was a time when politicians only vaguely talked about it. Then, years later, the issue attained party platforms. And today, it seems, we finally have caught the idea and are proceeding to do something about it.

Actually, of course, the depression forced the issue. But, in any event, it's encouraging to know that at last we're on the right track, and that we're making good time with the green lights of social justice ahead.

## SO THEY SAY

Parents are very careful not to place poisoned meat on the table for their children to eat, but they seem to have too little concern about poisoned food for the mind.

—Rev. Samuel Marcovitz, child psychologist.

I would never steno for a bald-headed man. I wouldn't ever get my work done—for I can't keep my eyes if a baldspot.

—Glenda Farrell, movie actress.

I don't care who's elected, they're

not going to repeal the social security bill or relief. In the last analysis it's all a question of who's going to control the patronage.

—James J. Walker, former mayor of New York.

He never talks politics with me, I hint around a little, but I don't get much from him. I have to buy a paper to learn what he's going to do next.

—Mrs. William E. Borah.

The hope of the world rests on the way in which we prepare those of the next generation for their duties and responsibilities.

—Lena M. Phillips, president, International Federation of Business and Professional Women.

## BARBS

If the Spanish furor has done nothing else, it has provided bulls with the new leisure.

England is reported to be building another liner, even bigger than the Queen Mary. The keel will probably be laid across Ireland.

Since the Braddock-Schmeling fight will be held in the afternoon, those in the ringside seats won't have to wait for the morning papers to learn the result.

An Olympic star who has broken training the night before still can be useful on the morning after. The pole vaulter can practice soaring over her head.

At the homes of certain acquaintances, it does no good to bring the conversation around to the drought situation. They never take the hint.

Behind  
The Scenes  
In Washington

**Laughable Scramble Staged by Radicals Toward F. R.'s Banner . . . They're Thinking About Their Jobs Now . . . Blind Senators Pass, but They Leave Inspiration for the Sightless.**

BY RODNEY DUTCHER  
Journal and Courier Washington Correspondent

Washington.—One of the big laughs of the summer in Washington is the way the radical boys and girls in the New Deal ranks have taken Mr. Roosevelt to their bosoms and proclaimed him as their hero and sole hope of salvation.

What I mean is the rather large sprinkling of minor officials and rank and file employees making from \$2,200 to \$4,600 a year—and in some cases a little more—who were hired for the new agencies though their views were more Socialistic than otherwise.

They owed their jobs to friends higher up in the New Deal who considered them relatively brilliant or able and took them in without regard to their politics.

A year or two ago most of them were damning Roosevelt all over the place, accusing him in their private sessions of being a stooge for Big Business, of being a hypocrite masquerading as a true liberal, of taking the conservative path rather than the road to the left in all major plights.

Today the same crowd is almost unanimously acclaiming that Roosevelt is the only alternative to stark reaction and early Fascism; that he is carrying the torch of progressivism with a vigorous stride; and that Governor Landon is a tool of Wall Street and Hearst.

Their vicious verbal attacks have been transferred from one man to the other.

**They're Thinking of Jobs**  
Most of this amusing conversion probably can be attributed to a desire to hold onto jobs. Federal employees outside civil service who once affected an air of non-partisan aloofness are practically as anxious about their future employment as those who landed on the payroll as deserving Democrats.

There are other considerations, however. Most "radicals" prefer Roosevelt to Landon, believe they would lose all influence under a Republican administration even if they were allowed to work in it, and feel that the type of "progress" which they want to continue would come at least temporarily to an end if Landon were elected.

The more zealous of them are in their faith in new governmental experiments and their desire for fundamental changes, the less their attitude toward the campaign is conditioned by the mere job factor.

Two years ago, you just wouldn't have believed it possible for such a change to come over them.

**Blind Senators Pass**  
There will be no blind men, literally speaking, in the U. S. Senate next session.

Tom Gore's primary defeat in Oklahoma, following the death of Tom Schall of Minnesota, has removed the two sightless senators.

Senator Schall was one of the earliest public figures to attack the New Deal without reservations and that was perhaps his outstanding claim to fame. But his attacks were so indiscriminate, so poorly aimed, and so often inclusive of unprovable charges that they probably did the anti-New Deal cause more harm than good.

At best, Schall was very far from being as helpful to Republicans as

Local Officials of  
Old Age Plan Deny  
Sangamon's Record

**Show That Morgan is Ahead in Average Number of Cases Handled**

On Wednesday Gov. Henry Horner issued a statement that the administration of old age assistance in Illinois must be speeded up, pointing out that in the downstate counties the number of approved cases per investigator was only 78. This statement made by the governor prompted S. A. Oldfield, the superintendent of the Sangamon county old age bureau, to come forward with the claim that Sangamon county was well in the lead on moving applications with 151 approved cases per investigator.

Oldfield's claim for Sangamon county stirred Morgan county authorities to reply yesterday morning. The local administrators of the old age assistance plan pointed to the fact that 175 cases had been approved by the central office per investigator in Morgan county. This exceeds the Sangamon county record by twenty-four applications.

The local pension board has received a total of 1,137 applications for assistance. Of this number 537 have received the approval of the county officials and 351 have been approved by the state headquarters in Springfield.

At the next meeting of the board more than 125 cases will be up for consideration and as soon as each application can be carefully investigated, it will be sent to the central office for the final O. K.

There are only two investigators at work in Morgan county, but the average number of cases which they have handled with success exceeds that reported from Sangamon county, and is far above the average reported by the governor for the entire downstate area.

**ON TRIP TO QUEBEC**

Mr. and Mrs. Chester Colton and their daughter, Claire, left Thursday on a vacation trip that will take them north into the province of Quebec in Canada and then down through the eastern part of the United States to New York. The Coltons expect to be gone several weeks.

Mr. and Mrs. George Clayton of the Murrayville community were callers in the city yesterday.

men like Vandenberg of Michigan, who placed their shots well.

**Gore Made Slips**  
Gore has been more effective, aside from being recognized as the Senate's most accomplished wisecracker.

He was voted out of Congress after he had opposed American entry into the World War, and voted back in 1930 by Oklahomans who apparently felt that perhaps he had been right.

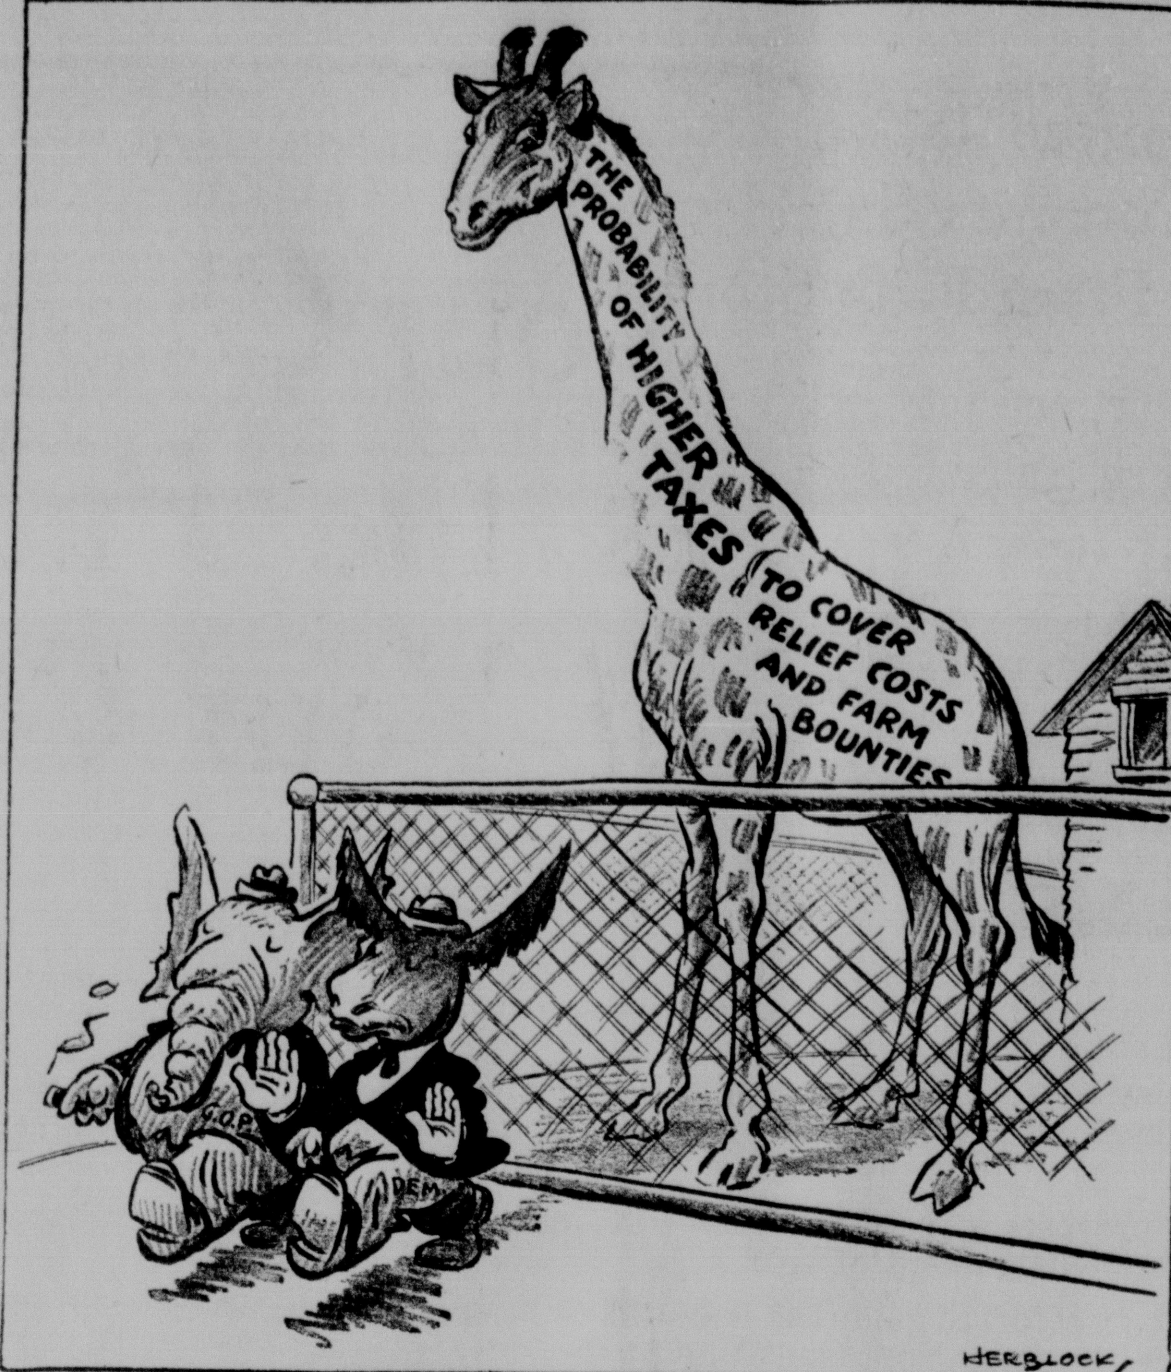

But he had become conservative and his off-expressed contempt for the New Deal just wasn't enough to re-nominate him.

Nevertheless, the example of two blind men who fought their way to the Senate despite tremendous handicaps will remain an inspiration for other blind persons.

There is one blind member of the House, Matthew A. Dunn of Pittsburgh, a former newsboy. He became a newsdealer and an insurance broker served three terms in the Pennsylvania legislature, and was elected to Congress in 1932. Dunn is a Democrat.

## 'THERE AIN'T NO SUCH ANIMAL!'

**IF ALL THE PAPERS  
LAID END TO END—  
Would Reach from Here  
to Roodhouse Daily,  
Reporter Finds**

Right in our own newspaper office were uncovered a feature story yesterday morning. We were watching Ralph Stringham, the Courier pressman, put a new roll of paper on the big Duplex press, and we got a bit inquisitive. "How much paper do you use a day?" we asked. "Well, boys," Ralph replied, "it runs about 1700 pounds a day for both the evening and the morning run; that's about three of those big rolls of paper that we use every day."

Getting real curious we asked, "about how many miles of paper do you think that old press grinds out every day?" "I don't know offhand," the veteran pressman answered, "but I will tell you that one pound of paper runs about thirty feet, and you can just figure it out for yourself."

Well, we did remember that there were 5,280 feet in a mile, so we started to figure out the answer, trying with difficulty to recall some of our arithmetic. The result we finally got amazed us all. Nearly ten miles of paper in a two page width roll run through that big press every day. That meant just twice that many miles for a single page width roll.

It was pretty hard to believe that if we could take each page of every Journal and every Courier and lay them end for end we could cover a stretch of pavement that would extend all the way to Roodhouse, which is about twenty miles from here. But after checking our figures, and especially after looking up how much paper the Journal-Courier Company has to purchase each year, we finally came to the conclusion that our figure was correct.

Just Thursday another carload of newspaper arrived from Canada for use in the local plant. Twenty tons of paper, comprising sixty double and twenty single rolls, made up the shipment. Every month a big carload of newspaper arrives, and in a year's time more than 250 tons of paper are consumed right in the local plant.

Marion Evans Hurt  
Fatally in Crash

**Brother of Local Man Killed in Accident in Kentucky Last Sunday**

Marion Evans, brother of James W. Evans, 356 East Lafayette avenue, was killed last Sunday in an accident near Dunville, Kentucky, according to word received yesterday.

Mr. Evans is well known in this community, where he lived for many years. He worked on Morgan and Scott county farms.

The message informing James Evans of the death did not give details other than that Marion Evans was riding in a truck at the time of the accident.

**VISITS AT MACMURRAY**

Miss Mildred Hewitt, of Ashland, was a recent visitor at MacMurray College. Miss Hewitt was graduated from the college with the class of '32, from the Home Economics department. Since then she has been teaching at Abingdon, Ill.

Serving fried chicken tonite, Sunday noon, eve. — Masters House.

Greenfield Man is  
Injured Seriously  
In Macoupin Crash

**Jake Knisley Loses Arm at Shoulder; Six Others Hurt in Accident**

Greenfield.—Jake Knisley, of Greenfield, was seriously injured Thursday night at 8 p. m. when a truck in which he was riding collided with an automobile on Route 111, near Summer-ville. Knisley had his left arm torn off at the shoulder and was rushed to the Macoupin hospital at Carlinville where he remained in a serious condition.

Six other persons were injured in the crash which resulted when the two automobiles sideswiped each other. Knisley was riding with Glenn Morrow, of Greenfield, at the time of the accident. Morrow suffered bad cuts on his back and arms. He also was taken to the hospital.

Mr. and Mrs. John Hounsley, Mr. and Mrs. Wayne Mefford and son of Chesterfield were riding in the automobile driven by Mr. Hounsley. Mrs. Hounsley complained of severe pains in her chest, but the full extent of her injuries has not been determined. She and her husband were given treatment by a Chesterfield physician.

Mr. and Mrs. Mefford went to Medora, where they obtained medical treatment. The son was given treatment by a Chesterfield physician, and was not seriously hurt. Injuries to his parents were not fully determined.

**MERRITT NEWS NOTES  
WRITTEN TO JOURNAL**

Merritt.—Mr. and Mrs. George Coulson and children attended the chicken fry given by the Christian church at Chapin on Thursday evening.

Mr. Mollie Morrison of Concord is spending a few days with her niece, Miss Mabel Taylor and other relatives here.

Mr. and Mrs. William Eads and son of New York City were recent guests at the Ernest Reams home.

Robert Joy and Arlo Schumacher have started on a months vacation trip to tour the west expecting to go as far as California.

Mr. and Mrs. Edward Duwendack and daughter left Friday for an automobile trip west to Washington and other western points.

Commissioners Go  
Into Session as  
Tax Review Board

**Investigate About 100 Claims Filed Before August 1; Will Report**

Members of the board of county commissioners, William Rees, chairman, Clifton Davis, and Walter Fearneyhough, are now in session as the board of tax review, and are investigating objections to the amount of assessed valuation fixed by the county tax assessor. Approximately 100 complaints have been placed before the board of review.

Filing complaints regarding the amount of assessed valuation on property closed Aug. 1, and Aug. 3 the commissioners began their view. They have until Sept. 17 to complete their work, but expect to have it completed before that time.

County Clerk Fred Brockhouse yesterday morning estimated that the tax rate this year in Jacksonville would be in the neighborhood of \$3.85 on each \$100 valuation, compared to last year's rate of \$4.15. Valuations are supposed to be made on the fair cash value of property, but both the county tax assessor and treasurer, W. H. Self, and the county clerk stated that the properties in this county are assessed on an average of 60 per cent of their actual value.

Last year the tax rate was \$4.15 on \$100 valuation, based on 75 cents for county purposes, \$1.35 for the city, 20 cents for road districts, and \$1.85 for schools. The reduction in taxes is expected to come from the schools item, although this has not been assured as yet.

Under state law, if the amount of funds raised in the building fund by taxation for retirement of bonds and interest is insufficient to meet the requirements of the school district, it is possible to increase the tax rate for building purposes to a point where sufficient funds will be raised to pay these obligations. The school building fund tax rate limit is 50 cents, but last year this amount was not sufficient to meet the obligation of School District 117. The district added 35 cents to the limit, making a total of 85 cents for building purposes. It is expected that

it will not be necessary to add the 35 cents this year.

The Ladies' Guild will hold their regular monthly meeting on Thursday, Aug. 13. There will be an all day sewing and a pot-luck dinner.

Riggston, Lynville—E. A. Hedges, minister.  
Regular services on Sunday.

# Your Church Is the Pulse of Your City

Beat! Beat! Beat!

Ever living, ever surging is life in your community! And always is your church there to feel the pulse—to prescribe for all—and to make and keep your community prosperous, contented and happy.

No city or community prospers without churches—No individual or group can progress without this symbolic acknowledgement of God.

Your church makes every effort to guide the way and to broaden the vision of your children, and you, and your fellow man. Your church keeps the pulse of your city to increase strength and prevent weakness.

You owe it to yourself to be a part of your church for it is only by so doing that you may become a real part of your community.

You owe your church your support. Its benefits are restricted by your failure to do your part.

Don't "ride" on the work of others! Pick up your own load—even the poorest can contribute if only by his presence and participation in church activities.

Come to church and keep your city surging with the pulse of God's love!

Charles Newman of the Woodson community was among those transacting business in the city yesterday.

Walter Dobson of the Murrayville community was a business visitor in Jacksonville yesterday.

George Lewis was in the city yesterday from Buckhorn.

## Jersey and Calhoun Orchards Suffer as Result of Drought

Many Trees Killed by Heat; Fruit Undersized; Other Jersey Notes

Jerseyville—Apple trees in Jersey and Calhoun county orchards are dying from the effects of this season's drought. G. W. Wieneke of the Rosedale vicinity in Jerseyville Thursday afternoon reported that the apple growers have met with many reverses this season.

Trees both young and old have died this summer Wieneke reports. And apples are going to mature much undersized. "Some varieties are very small," Wieneke stated, "and some are fair. It all depends on the vitality of the tree. Apple trees are a great

deal like human beings. Some have a lot more vitality than others and can stand more."

Incessant rainfall between now and apple picking time will do much to determine the quality of the fruit. Heavy quantities of moisture may stimulate the growth of the apples. The production of apples in Jersey county will total about twenty-five per cent of a crop. Many orchards are almost barren while some have a good crop.

The Rinhausen orchards in the Jerseyville vicinity show promise of a fair crop of Willow Twigs.

Trees planted on erosion control sites by the Civilian Conservation Corps in Jersey county have withstood the ravages of the drought this season much better than anticipated.

At least sixty per cent of transplanted trees have lived according to some of the land owners on whose tracts reforestation was instituted.

Various nuts that were stratified during the winter and planted on erosion control sites have done much better from the standpoint of percentage than the transplanted trees.

**Board of Review Meets**  
Members of the Jersey county Board of Review, who have been in session at the Jersey Court house for the past few weeks, have received a total of seventy-three complaints on the assessment for the year.

This week the board has been con-

ducting a personal investigation of the complaints, visiting the property in question in each complaint. The Board is composed of Edward Rintoul, chairman, Mrs. Natalie Erwin, clerk, Charles K. Cockrell and Frederick Sinclair.

**Son Drowns**  
Loren H. Whitfield of Jerseyville received a telegram Wednesday announcing the tragic death of his four-year-old son, Stewart Henry Whitfield at Galesburg, Ill.

Details of the child's death were not given other than the fact that he had fallen into a well and drowned.

**A Riding Raccoon**  
"Butch" is one of the "ridingest" raccoons in the United States, and he prefers an automobile for his chariot. Butch is the property of Orville Ruyle of Hardin, Calhoun county, Illinois. Ruyle lives in that village with his parents, Mr. and Mrs. Clifford Ruyle.

A couple of months ago Paul Ruyle of the Hardin vicinity, a cousin of the animal's present owner, caught the young raccoon in a field and took it to Orville in Hardin. The coon was about three months old when captured.

Since that time, the animal has been a mascot for the Ruyle family. It has become extremely tame and rides with the family on all its motor trips, taking great delight in inspecting the various parts of the auto. When the car stops, Butch will immediately bounce through a window and climb to the top of the auto where he parades about until the motor starts. Then he gets back into the seat with the driver and sits fascinated by the motion of the car.

Butch eats a variety of things but has a great liking for fried chicken.

## Movie Version of "Green Pastures" To Be Shown Here

Features Virtually Same Cast as One Which Presented Road Show Here

Featuring virtually the same cast that appeared here in the road show, "Green Pastures," the play which had such a phenomenal run in New York, will appear here again at the Fox Illinois theatre beginning Sunday in the motion picture version.

When the famous show appeared here, Richard B. Harrison had the part of "De Lawd". He became ill when the troupe reached the west coast, and on his death bed, he called Rex Ingram, his understudy, to him and asked him to continue playing the part. Ingram, who is 40 years old, never had the opportunity of playing the part on the road, because it was withdrawn. He appears in the motion picture version, however, in the character that Harrison asked him to play.

The movie version has been given generous favorable criticism wherever it has been shown. The play was an outstanding success on the stage, and has been broadened considerably in the movie version.

Jacksonville was one of the four Illinois cities which entertained the road show. "Green Pastures" showed only in this city, Peoria and Quincy, outside of Chicago.

The Hall Johnson choir, which made such a hit when the show played here, also appears in the picture. The show will remain here for three days.

## OBITUARY

He served as clerk of the Modern Woodmen of America camp at OXVILLE for several years, holding that office at the time of his death.

Mr. Rolf passed away at the Passavant Hospital on Monday, August 3, 1936, at 1:10 P. M., being at the time of his death 58 years, 7 months, and 22 days of age. He leaves to mourn his departure, besides his beloved wife and three children, an aged mother, a little granddaughter, Virginia Stinebaker, five brothers: Fritz Rolf of Merritt, Frank Rolf of Arcadia, Albert, Charles, and William Rolf of Exeter; three sisters: Mrs. Fritz Stegemann and Mrs. Harland Redshaw of Merritt, and Mrs. Gustave Stegemann of Marshall, Missouri.

One brother, Erwin, and two sisters, Mrs. Clara Rueter and Mrs. Marie Geisendorfer have preceded him in death.

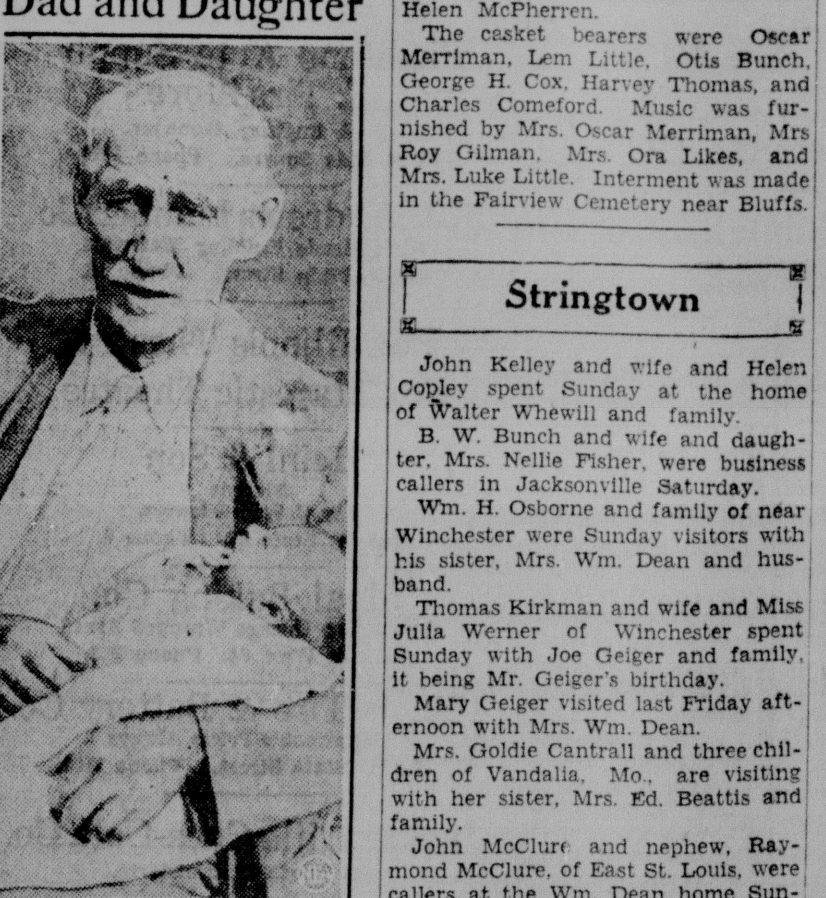

In his death OXVILLE community and Scott county have lost a noble citizen and one who has helped to make his community and county what it is. He was always alert for an opportunity to do anything to help build up his community and that alone should endear him to our people.

Funeral services were conducted from the Lutheran church near OXVILLE on Wednesday afternoon at two o'clock following service at the home in OXVILLE at 1:30, by Rev. Hallen, pastor of the Lutheran church at Bluffs, and assisted by Rev. Byus, pastor of OXVILLE M. E. church.

The beautiful floral offerings were cared for by Mrs. Sarah Kueker, Mrs. Gladys Stinebaker, Mrs. Betty Henderson, Mrs. Florence Mettermich, Mrs. Lena Mitchell, Mrs. Freda Finson, Mrs. Nina Hamilton, Miss Louise Rolf, Miss Evelyn Placke and Miss Helen McPherron.

The casket bearers were Oscar Merriman, Lem Little, Otis Bunch, George H. Cox, Harvey Thomas, and Charles Comerford. Music was furnished by Mrs. Oscar Merriman, Mrs. Roy Gilman, Mrs. Ora Likes, and Mrs. Luke Little. Interment was made in the Fairview Cemetery near Bluffs.

**82 Years Between Dad and Daughter**

Bill Mathues, 82-year-old father of Gradyville, Pa., holds his newborn daughter, Jacqueline, the 13th newcomer to their home since he and Mrs. Mathues, now 40, were married 18 years ago.

## Arenzville Royal Neighbors Meet At Houston Home

Mrs. Mary Houston Hostess To Group Wednesday; Bridge Club Meets

Arenzville, Aug. 7.—Mrs. Mary Houston entertained the Royal Neighbors at her home Wednesday. After the regular business meeting the remainder of the afternoon was spent socially. Later refreshments were served by the hostess.

These present were Mrs. Nelda Houston, Mrs. Lula Hofstetter, Mrs. Troy Williams, Mrs. Margaret Craven, Mrs. Lyman Peck, Mrs. Kate Wood, Mrs. Arthur Wood and the hostess.

**News Notes**  
Mrs. A. F. Streuter was hostess to the members of the C. C. Bridge club at her home Monday evening. Mrs. Streuter received high score for the evening. At a late hour refreshments were served by the hostess.

The Arenzville Town board has purchased a new Chevrolet chassis for the fire truck from L. J. Wessler. The purchase price was \$600.00.

Postmaster R. J. Ommen has installed all new fixtures in the Arenzville post office.

Supervisor Albert Nicol has moved the Arenzville Township office from the town hall to the Engelbach property formerly occupied by the Arenzville post office. The temporary relief office has been located in the town hall since July 1. Miss Ruth Craven, a former Cass county caseworker, is Mr. Nicol's assistant. The office will be open only two afternoons a week: Tuesdays and Fridays from 1 p. m. to 3 p. m.

Mr. and Mrs. Harry Dufelmeier and family, who have been on a motor trip through Michigan and northern Illinois, returned to their home Monday evening. They also visited with Mr. and Mrs. Julius Nobis and family of Fowler, Michigan and Mr. and Mrs. Frank Dufelmeier and son of Morton, Ill.

Mrs. Mary Houston left Wednesday

## German Warships Cruise in Troubled Spanish Waters

These two battleships of Germany's new fleet were among the many warships of several nations that steamed into Spanish waters to protect their nationals during the bloody revolution that is rending Spain. The Deutschland is shown above and the Admiral Scheer below. Both were prepared to take aboard any Germans who found it necessary to flee from the battle zone.

## Bangiolo Rites Held Wednesday In Chandlerville

Services Are in Congregational Church; Other News of Interest

Chandlerville, Aug. 7.—Funeral services for Mrs. Velma Smith Bangiolo of Murphysboro were conducted by the Rev. Roscoe Burgess of Peoria Heights at the Congregational church of Chandlerville on Wednesday afternoon at 2:30 o'clock, with the A. L. Lintner funeral service in charge of arrangements.

Burial was made at Mt. Olive cemetery six miles east of Chandlerville. Mrs. Joseph Bangiolo passed away on Sunday, Aug. 2, at Cook County hospital, Chicago, where she was taken for surgical treatment early in July following serious injuries suffered on June 15th at Murphysboro. She was struck by a passing truck, sustaining fatal face and head injuries.

Velma Smith Bangiolo was born September 20, 1903, at the farm home of her parents, Mr. and Mrs. Laurence Smith, their oldest daughter, and survived by her parents and three sisters, Mrs. Merritt Waddell of Carman, Ill., Mrs. Paul Smith of Virginia and Mrs. Raymond Hill of Chandlerville.

Her grade school training was completed in 1915 at Lafayette school, east of Chandlerville, on the Cass-Menard line. She later entered Chandlerville Community High school and on Aug. 24, 1922, was married to Joseph Bangiolo who was in charge

of the manual training department here.

They subsequently made their home at Mt. Airie, Maryland, Plainfield, Ill., and in Peoria Heights for eight years where she became a member of the Peoria Heights Congregational church. In 1934 she, with her husband and two small children, Joyce June and Laurence V., moved to Murphysboro where with a cousin she was part owner of a grocery and meat market. At the time of her death Mr. Bangiolo held a position with a steel construction company working in Chicago.

The many flowers at the funeral service were cared for by Mrs. W. H. Harper, Mrs. Bueford Harper, Mrs. Don Kaiser, Mrs. Joe Fletcher, Mrs. Robert Deering of Chandlerville and the Misses Oma Malure and Alma Malure, both of Murphysboro.

The pall bearers were Michael Bangiolo of Morris Plains, N. J., George Williams and Harlan Baker of Murphysboro, Paul Smith of Virginia, Merritt Waddell of Carman, Ill., and Raymond Hill of Chandlerville.

Music for the service was given by Miss Annette Morse, Miss Marie Zellar and Miss Ruth Barrett, with Miss Ruth Leeper accompanist.

Mrs. Bangiolo was a devoted mother and daughter. She was frequently at her parents' home where she continued to keep in touch with her many friends.

**Brauer Death.** Word was received here Wednesday of the death of Mrs. Anna Brauer, age 74, Petersburg, who passed away at Springfield hospital on Tuesday evening following an emergency operation.

She is survived by seven children, three sons and four daughters. Her home in Petersburg was cared for by Miss Elsie Brauer, who is well known here, as is her brother, Henry Brauer, who resides east of Chandlerville in the Lynn School district.

Members of the Dorcas Society met on Thursday afternoon at the Christian church. Mrs. Frank Siltman, Mrs. E. F. Harbison and Mrs. Roe Atterberry were hostesses for the August meeting.

Miss Shirley Lynn, Miss Letitia Lynn, Miss Orienna Collins and Miss

June Aney motored to Jacksonville on Tuesday with Walter Garner.

Gilbert Drake, Jr., formerly of Chandlerville, is now employed in the Holt Manufacturing at East Peoria.

Miss Annette Morse left on Thursday for Lake Geneva, Wis., where she with Mrs. Henry Morse and daughters will spend August at a lake side cottage. Mrs. Morse with her daughters drove through from Oklahoma City, their home, early in July.

M. O. McMullen was called to Virginia for jury duty as also was W. L. Cook.

## City Departments Running Ahead of Budgeted Figures

Show \$12,153.75 Ahead of Estimated Amount for First 7 Months

Departments of the city government are running ahead of their budgeted amounts for the first seven months of the year, according to a report presented to the members of the city council at their regular meeting Thursday night, by City Clerk John R. Phillips.

The budget for the first seven months of the year anticipated expenditures amounting to \$153,064.03, but the actual cash spent during this time was \$12,153.75 under that figure. The budget is based on the anticipated revenue.

Seven of the various city departments have overspent their budget allowance for the seven months, but have five months in which to get their departments back to the budgeted figures. The city hall, city hall building repair, law department, street department, south side sewage treatment plant, garage, and election fund budgets have been overspent.

The budget report is as follows:

Fund	Budget 7 Months	Spent 7 Months
City Hall	\$2,218.67	\$2,708.50
City Bldg. Repair	1,341.67	1,375.83
Fire Department	11,287.50	10,777.75
Light Dept.	22,878.33	20,272.90
Civil Engineering	1,846.25	1,817.01
Mayor's Office	816.67	712.96
Clerk's Office	2,675.17	2,146.63
Treasurer's Office	1,505.00	1,312.48
Health Dept.	3,208.33	2,667.43
Salary Fund	700.00	600.00
Police Dept.	12,063.33	11,066.32
Law Dept.	991.67	2,086.32
Street Dept.	17,791.67	17,835.51
Sewer Dept.	2,849.58	2,302.70
Sewage Treatment:		
North Side	3,193.75	3,115.41
South Side	3,575.83	3,646.36
Garage Fund	2,601.67	2,630.36
Election Fund	764.16	1,310.00
Contingent Fund	2,916.67	730.21
Water Department:		
Col.	13,659.92	10,147.17
Pumping	30,619.16	30,142.61
Capital	8,311.03	6,225.00
Public Works Projects & Imp'm'ts	5,250.00	3,280.82
<b>Total</b>	<b>\$153,064.03</b>	<b>\$140,910.28</b>

Ahead \$12,153.75.

## Dirt Roads Still In Good Condition, AAA Report Shows

Jacksonville Auto Club Issues Its Weekly Report Giving Tourist Information

The Jacksonville Auto club reports that light showers have been falling throughout most of the state but as yet there has been no damage to un-oiled earth roads.

All traffic is barred from U.S.-31W between Louisville and Elizabethtown, Ky., until Sunday, Aug. 9.

The 2.8 mile detour which has been in effect on Ill.-104 at Franklin, Ill., has been eliminated with the completion and opening of the new pavement on this route.

The best route to the lake region where the lotus flowers are now in bloom is via U.S.-36 to Springfield; U.S.-66 to Dwight; Ill.-47 to the junction with Ill.-69; Ill.-47 to the junction with Ill.-59, and thence on Ill.-59 through Barrington and Lake Zurich to Grass Lake where the largest acreage of lotus flowers will be found. These continue to bloom for about six weeks beginning around Aug. 1. The route from Springfield is all paved and the distance is 234 miles.

The two choice routes to Estes Park or Denver, Colo., are via Beardstown, Burlington, Omaha, and Cheyenne, which is all paved, and the distance is approximately 1035 miles. The other one is via St. Joseph or Kansas City, Mo., to Topeka, and thence on U.S.-24 to Manhattan; U.S.-40 to Oakley, Kas.; U.S.-83 to the junction with U.S.-24; U.S.-24 to Limon, Colo., and U.S.-40 to Denver. This is pavement and oiled gravel.

### TO HOLD REVIVAL

A revival meeting began Wednesday night under the big Gospel tent at North Clay and Independence avenues. The services will be under the direction of Rev. Roy F. Meredith of Augusta, Illinois, assisted by the Misses Botkins and Habel of Hartford, Illinois.

There will be special music and singing. All are welcome to attend.

On an average, women are said to live longer than men because they live quieter lives and do not take so many risks.

Squids progress in three ways: Crawling by use of tentacles; swimming backward, by expelling water from the mantle cavity.

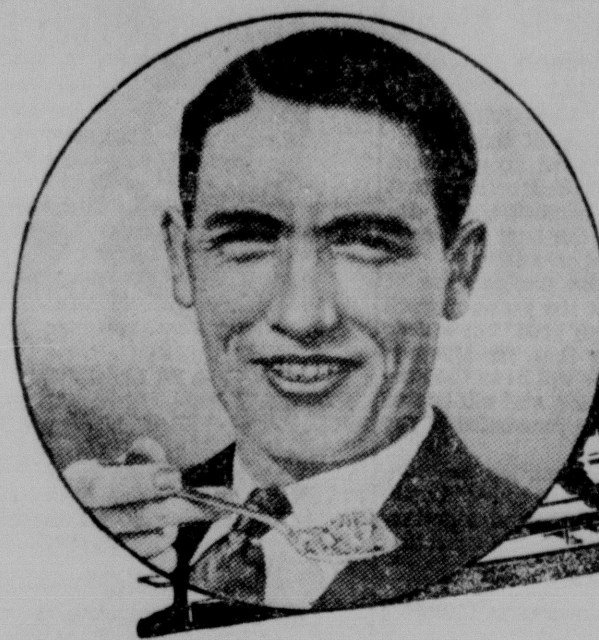

Every word we know is stored in the brain, in a small patch of gray matter hardly larger than an American nickel.

Katydid keep such perfect time when singing in unison, that the song of a dozen may be mistaken for the singing of one insect.

# "MY VOTE GOES TO HUSKIES!"

SAYS *Al Ulbrickson*

head coach of the University of Washington HUSKIES crew, this year's OLYMPIC crew.

"—They have a grand new flavor, and the food-energy an athlete needs!"

SCORES of the country's greatest athletes agree with Al Ulbrickson on HUSKIES—and you will, too! Just wait till you taste these crisp, crunchy flakes of whole wheat toasted to a golden brown... they have a new, zesty flavor that's simply delicious! And HUSKIES offer you the valuable food essentials of whole wheat:

Iron for blood. Phosphorus and other valuable minerals salts for strong bones and teeth. Carbohydrates for food-energy. Protein to help build muscle. And Vitamins A, B, E and G—important to good nutrition. Get a package of this fine cereal today—have a delicious bowlful of HUSKIES for breakfast tomorrow morning!

JANE SHARP, famed tennis star, writes: "HUSKIES are really marvelous—such a delicious taste, and they provide food essentials every one needs!"

## United States Completes Racing Sweep Through 800 Meters; Leading Decathlon

Berlin, Aug. 7.—(AP)—California's dusky Archie Williams climaxed the Septa Saga today, winning the 400-meter championship and giving the United States her first flat-racing sweep through 800 meters in the Olympic games since 1912, while three western stalwarts exceeded Americas' fondest expectations by occupying the first three places at the halfway stage of the decathlon competition.

Bob Clark of San Francisco and Glenn Morris, Fort Collins, Colo., world record holder, set a record-smashing pace through the first two events of the two-day battle for all-around honors. Each captured two events and finished only two points apart at the end of the day-long grind. Their totals were, Clark, 4194; Morris, 4192, while their surprising teammate, Jack Parker of Sacramento, Calif., was third with 3,888 in the field of 24 survivors.

On the other side of the picture, Finland, as was expected, furnished the winner of the 5,000 meter whirl in Gunnar Hoekert, who struck off the distance in 14:22.7, seven and 8-10ths seconds faster than the 1932 record hung up by another Finn, Lauri Lehtinen, who was runner-up this time. Lehtinen and John Henry Johnson of Sweden, who ran third, both ran under the former mark while Little Kohel Murakoso of Japan, fourth, equalled it.

Louis Lamperini, 19 year-old Torrance, Calif., who ran a dead heat with Don Lash of Auburn, Ind., in the final American tryouts last month, out-ran the Indian, taking eighth place in 14:46.8 as Lash came in 14th among the 15 finishers.

The American trio so completely overwhelmed the decathlon show there appeared no doubt that they will keep the title, won in 1932 by Kansas' Jar-

## Cincinnati Captain Is Operated On Shortstop Lost To Lineup for Season

Cincinnati, Aug. 7.—(AP)—Billy Myers, captain and shortstop of the Cincinnati Reds was operated upon tonight for an abdominal obstruction, first believed to be appendicitis, but described by his surgeon later as a condition rarely found in adults.

The surgeon, who declined use of his name said first the young player's condition was "fairly good" but added: "No, I won't say that, for Myers is a very sick boy." He will be in the hospital at least ten days, and will be lost to the Reds for the remainder of the season.

The abdominal condition was described as a "telescoped bowel." It will be several days, his surgeon declared, before outcome of the operation can be determined.

**FAN BREEZES**

By Ernest Savage

Chances are pretty strong that Jacksonville will have an entry in the softball tournament being sponsored in St. Louis by George Sisler, sports ball promoter who was a big shot in the major baseball circuits at one time.

Sisler recently wrote a letter to Marvin "Red" Beeley, at the Jacksonville State Hospital, asking Beeley to round up a team for the tournament. Beeley took the matter up with several managers, and now it is in the hands of John Fanning, manager of the Mac's Clothes Shop team.

The managers have been flitting with the idea of an all-star team to make up the local entry. They are somewhat at a loss to determine just how the best team could be selected. Some of the managers favored a public vote on the proposition, while others opposed the idea as public votes usually result in more or less of a popularity contest.

The problem will be thinned out in a meeting of managers, according to the dope we gather. Then, after the team is selected, it is planned to play a couple benefit games to raise funds to send the team to St. Louis, and to pay the \$25 entry fee. Teams winning two games or more will have refunded their entry fee.

And then, just after we remarked that we hadn't seen Robey Burns all summer, we caught sight of him walking up the street. Harold Stark, the I. S. D. athletic manager, says he hasn't seen the Tiger coach as yet—and Burns disappeared before we could get to him.

Stark tells us that the contracts for a J. H. S. I. S. D. football game on Nov. 7 have been signed and returned to the respective schools. The game will mark the resumption of relations between these two schools after several years.

C. P. Thompson, director of the department of conservation, has recently issued a book in which he tells "Where to go to Fish and Hunt in Illinois." The books are available here at the court house.

We advise reading the foreword. It says:

"The information furnished does not refer to individually operated resorts, as it is felt that this is not the province of this department. Neither has it been the intention to give the impression that the game and fish in the various sections exist in such extraordinary numbers that the fisherman and hunter will always have 'luck.' Hunting and fishing will probably always be affected by seasonal conditions, and Nature's processes and whims will continue to be governing factors. We therefore offer no guarantee of success, but have prepared this pamphlet hoping that to those who wish to hunt or fish, and that in addition, the points of interest and the beauty of Illinois shall become more familiar to all."

From the pamphlet we learn that Morgan county has "suitable territory" for rabbits, squirrels, quail, pheasants, ducks, geese and coot and "Attractive fishing conditions" for all species.

The first brewer in the United States was not of German-American origin, as is commonly supposed. He was a Scotsman and became one of the country's largest producers.

**The Sixth Annual Chicken Supper and Burgoos of the Church of Our Saviour will be held this year on Sept. 2. Don't forget this date as this is going to be bigger and better than ever before. Everybody welcome. Come and enjoy yourself.**

## Work on State Fair Grounds is Rushed Exhibitors and Politicians Make Final Plans

Springfield, Ill. — (AP) — With the scheduled opening of the 1936 Illinois State Fair only eight days away, workmen today began rushing final preparations for the nine-day exhibition.

E. E. Irwin, fair manager, expecting the trek to the grounds by showmen and exhibitors to start early next week, started a large force at work on last-minute details and arrangements.

Quarters for livestock were being put in shape, exhibitors' space allotted, and arrangements made for feeding and watering animals competing for premiums.

Another group was giving attention to the space around the grandstand and the dirt track, where will occur much of the daytime entertainment and the harness, automobile and motorcycle races. Still another force was at work preparing for the six-night society horse show in the coliseum.

The fair is scheduled to open August 15 and for the first time will run for nine days instead of the customary eight. The closing day has been designated as "contest day," head-lined with a beauty pageant to select "Miss Illinois."

Meanwhile, both Republicans and Democrats were making plans to begin their November election campaigns in earnest with special programs, consisting chiefly of speeches, during fair week. August 19 has been set aside for the Republicans and the day following for Democrats.

Among the thousands of exhibits expected at the fair will be a relief map of Illinois, forty feet long and sponsored by the National Emergency Council, intended to give visitors a picture of the physical characteristics of the state. Several other departments of the federal government plan to have exhibits.

The midway—Happy Hollow—will again be the amusement center, filled with rides, exhibitions of freaks and variety shows.

## JOHNNY MIZE PACES CARDS IN COMEBACK

Chicago.—(AP)—A 23 year old country boy playing his first year in the major leagues is the dynamite responsible for blasting the red-shirted St. Louis Cardinals to the top in the National League pennant race.

He is Johnny Mize from down in Demorest, Ga., a pick-up from the Piedmont College team in Mize's hometown. Within the last three days, this youngster, standing 6 feet 3 inches, and weighing 205 pounds, has belted home runs and timely hits to enable the gashouse gang to score three straight victories over the Chicago Cubs, 1935 champions.

The Cardinals call Mize the "perfect pitcher" in batting with an average of .365 bears out their appraisal. He has a perfect eye, figures the pitchers and has the power and batting stance of Babe Ruth. Since he forced Rip Collins, rated by many as the best first sacker in the league, to the bench July 22, Mize in 15 games hit .491. Officially at bat 57 times, Mize made 28 hits, 5 of them home runs and 7 doubles. He drew 8 bases on balls and was hit by a pitcher once.

## Greenfield Ray Lynn Coaches Boys in Throwing

Greenfield.—Mr. and Mrs. Edward Brodmark have returned to their home in Denver, Colo. after a few days visit with friends here.

Mr. and Mrs. Scott Cochran and son, Carl, and the former's parents, Mr. and Mrs. Robert Cochran of Hillsboro, Ill., left the first of the week via auto for an extended visit with relatives in California.

Mr. and Mrs. George Brown and children of St. Louis, Mo. spent the week-end visiting her parents, Mr. and Mrs. C. V. Mellor.

Mrs. J. C. Brown and children of Alton are visiting at the home of her parents, Mr. and Mrs. John Green and Mr. and Mrs. Ed Brown.

Mr. and Mrs. Robert H. Waller and children of Cape Girardeau, Mo. are here visiting their parents, Mr. and Mrs. John Waller and Mr. and Mrs. George A. Holmback.

Mrs. C. O. Bulger and Forrest Smith and daughter Martha Ceta, have returned from Colorado where they have been visiting relatives and friends.

J. M. Coebelt and sons, Michael and Edward, returned Saturday from a several days visit with relatives in Ohio.

Quite a number of dance "enthusiasts" of this vicinity journeyed to the Coliseum dance hall at Beul Thursday night to dance to the tunes of Guy Lombardo's dance orchestra.

Mr. and Mrs. Jesse E. Parks and Mr. and Mrs. Julian Hutchins and Miss Helen Barton were business callers at the Sangamon County court house at Springfield Thursday.

Mrs. W. E. Strang and daughter, Mary Elizabeth, visited the former's daughter, Celeste, at Jacksonville Saturday.

George E. Meng and Frank McElure of Carlinville attended the acceptance rally for Knox as vice-president nominee on the Republican ticket at Chicago Thursday.

## Y. M. C. A. Softball

Kute Kurl Girls took a goodly share of the honors for team play at the softball park last night by executing the first triple play of the season. With the bases full, the girls played heads-up ball and pulled themselves out of a tough spot by hustling the ball around the infield for three outs.

## Ray Lynn Coaches Boys in Throwing

Ray Lynn, local baseball enthusiast, was the instructor yesterday morning at a meeting of the boys' baseball group held at the Y.M.C.A. building. Lynn, who was the manager of one of Coach Ray Nussipke's Illinois college championship teams, told the boys that nothing was more important in the game of baseball than knowing how to throw correctly. He emphasized the fact that the straight overarm throw was the most reliable toss, and advised that the fancier side arm deliveries be reserved for pitchers.

Lynn was the manager and coach of the local American Legion junior baseball team which made a fine record several years ago.

## MARK TWAIN ESSAY CONTEST IS WON BY 92 YEAR OLD WOMAN

St. Louis.—(AP)—The International Mark Twain Society's ninth annual essay contest on "Authors I Have Met" has been won by 92-year-old Mrs. Theodosia F. McKinstry of St. Augustine, Fla. It was announced today.

Cyril Clemens, president of the society, said Mrs. McKinstry's essay describes a lecture by Charles Dickens in the late sixties.

Honorable mention included: Mrs. D. H. M. Cannegieter-Belton, Utrecht, Holland; Mrs. Florence Pelletier Leonard, Cambridge, Mass.; Albert Parry, Chicago; Miss Iola P. Johnson, Warrensburg, Mo.; Robert Kalvar, Pelham, N. Y.; Miss Laverne Shedd, Minneapolis; Miss Eileen Surle, New York City; Miss Marie Fellows, Evanston, Ill.; E. L. Huyck, Santa Monica, Calif.; Basil Torro, London, and Francis Kinkap, Mukden, Manchuria.

Contest judges were Stephen Leacock, writer and humorist; Miss Josephine Johnson, novelist, and Mrs. Cyril Clemens.

## SLOWER EXPANSION IN RETAIL TRADE CAUSED BY DROUGHT

New York.—(AP)—Slower expansion in retail trade, attributed in part to effects of the drought in some areas, was noted today by Dun & Bradstreet, Inc., in its Weekly Review.

The mercantile agency also reported further extension of buying in wholesale markets from the six-year peak recorded in the last half of July.

"Trade shows, special exhibits and market week events," it said, "buoyed the volume close to 1929 figures at many centers. Transactions for the week were estimated at 25 to 30 per cent larger than for the comparative period a year ago."

Along with recessions in trade in drought-ridden areas, the Review named unsettled weather as a restrictive influence and described retail business generally as about even with the preceding week. Midwestern retail trade, however, was rated 10 to 25 per cent above 1935 figures.

## Hartnett Hurt by Foul Tip; Pepper Martin Pulled From Field to Pitch For Birds

Chicago, Aug. 7.—(AP)—The Cubs regained their batting form and won a ball game 14 to 5 from the Cardinals today, finally stopping the pennant-bound rush of the Gas House Gang, but in winning they suffered their biggest loss of the season.

A foul tip from the bat of St. Louis Pitcher George Earnshaw hit Gabby Hartnett's foot in the second inning and injured it so severely that the ace receiver had to be taken to a hospital. Pending an X-ray examination to determine whether a fracture occurred, it was impossible to say when Gabby would return to action.

The Cubs, after dropping three straight and the National League lead to the Cards, landed on five St. Louis pitchers with an 18-hit attack today, sewing up the victory with an eight-run barrage off Roy Parmelee in the fifth.

Manager Frankie Frisch of the Cards, after following Earnshaw to the mound with Flint Rhem, Ray Parmelee and Jim Winford, finally threw Outfielder Pepper Martin against the Cubs to wind up in the last two innings. He allowed but one hit.

The Cards were out in front for the first three innings, knocking Lon Warneke out of the box in the third with a three-run uprising, after scoring twice in the second. Clay Bryant and Tex Carleton, the latter getting credit for the win, finished up the Cubs' mound assignment.

Ethan Allen, with a triple and two singles, and Billy Herman, with three singles, led the Cubs' attack.

## Pirates Take Two from Cincinnati

Cincinnati, Aug. 7.—(AP)—The Pittsburgh Pirates took a firm grip on fourth place in the National League today, winning both ends of a double bill from the Cincinnati Reds, 5 to 1 and 1 to 0 before a ladies day crowd of 10,559.

Cy Blanton, pitching six-hit ball in the nightcap, was almost matched by Wild Bill Hallahan, who allowed eight. With two out in the eighth inning, Brubaker singled in Gus Suhr. Until then no man got as far as third base.

Red Lucas, whom the Reds have not defeated since 1934, bested Al Hollingsworth in the opener, and was on the way to a shutout when Walker opened the ninth inning with a double, took third on Cuyler's hard grounder and crossed the plate on Goodman's bounce over Lucas' head.

Tommy Padden and Paul Waner, between them accounted for all Pirate scoring in the first contest, including the Buc catcher's first home run of the season in the eighth, scoring Brubaker ahead of him.

Score first game:  
Pittsburgh ..... 010 010 120—5 9 0  
Cincinnati ..... 000 000 001—1 5 0  
Lucas and Padden; Hollingsworth and Campbell.  
Score second game:  
Pittsburgh ..... 000 000 010—1 8 2  
Cincinnati ..... 000 000 000—0 6 2  
Blanton and Padden; Hallahan and Lombardi.

Seventeen thousand separation orders are granted every year by English police courts.

Bert Crisman was a local caller yesterday from Merritt.

Henry Ruble was in the city yesterday from Alexander.

## Washington Wins from Red Sox 3-2

## Whitehill Doubles in Tenth To Score Winning Run

Washington, Aug. 7.—(AP)—Pitcher Earl Whitehill smacked out a double in the tenth inning to drive in the winning run here today as Washington defeated the Boston Red Sox 3 to 2.

With two out in the tenth, Millie singled and Whitehill hit a long liner into deep center when which Millie scored easily. The Senators' first pair of runs came in the opening inning when Chapman doubled and scored on Kuehl's triple and Kuehl tallied on Reynolds' fly.

The Red Sox got a dozen hits off Whitehill while Washington nipped Wesley Ferrell, who pitched an excellent game, for only six, two of which came in the tenth.

Jimmy Fox's 32nd home run of the year in the fourth inning with no one on base scored the Red Sox's first run and Boston put across the tying run in the eighth when Kroner singled. McNair was safe on an error by Lewis, both advanced on Cronin's sacrifice, and Kroner scored on Rick Ferrell's fly.

## Giants Take 9-3 Win from Phillies

## Score Seven Runs With Eight Hits in Fourth

Philadelphia, Aug. 7.—(AP)—The New York Giants put together eight hits for seven runs in the fourth inning today to clinch a 9 to 3 victory over the Phillies, chalk up their fifth straight triumph, and pick up more ground on the National League leaders.

The win was the 18th for the Giants in their last 22 games. Lefty Al Smith, although batted from the mound in the eighth inning, when the Phils scored all their runs, received credit for his 11th pitching success of the season.

The big Giant rally was started off by Jim Rippel, who only a few minutes before had crashed into the center field bleachers during the Phil's third inning. He singled to lead off the Giants fourth, and, coming up again in the same inning, doubled to drive in the seventh run of the frame.

Later, he was replaced by George Davis because of a minor hurt to his left arm and shoulder in his collision with the stands.

Score:  
New York ..... 000 710 100—9 15 0  
Philadelphia ..... 000 000 030—3 10 2  
Coffman, Smith and Mancuso; Walters, Bengt, Kowalik and Atwood.

## NEW FACES PROMISED FOR REDS NEXT YEAR

Cincinnati.—(AP)—General Manager Larry S. MacPhail gave his Cincinnati Reds something to think about today besides the prospect of jumping into fourth place if they win a double header with Pittsburgh.

"There'll be plenty of new faces in the Reds' 1937 starting lineup," he said last night as he left for a three-week swing around Redleg farms.

Quite a few members of this year's team—built largely around the club's 1935 "kid" outfit—will be on the trading block, MacPhail added. He did not specify names, but said he wasn't satisfied with the manner in which "various members" were performing.

MacPhail announced the optioning of Big Emmett "Ramrod" Nelson, hurler, to the Columbus Redbirds, and the transfer on waivers of St. Johnson, former hurling ace, from Toronto to the St. Louis Cardinals.

Earlier in the week, club officials seeking to acquire Johnny Van Der Meer, strikeman of the Durham, N. C., club, and young Phil Weintraub, slugging outfielder of the Rochester International Loop nine.

O. E. Taylor was in the city yesterday from Woodson.

## Stock Market Level Highest Since 1931

### Favorable Business News Stimulates Trading

New York, Aug. 7.—(P)—Sweeping ahead on more active trading, the stock market today rose over a broad front to the highest level since June, 1931.

Wall Streeters said the basis for advances, which ran from fractions to 3 or more points, was provided by a contra-seasonal advance in freight carloadings for the week ended Aug. 1, symptoms of wider purchasing power and continued favorable earnings.

Measured by the Associated Press average of 60 shares the market rose 1.0 to 69.1. This was the sharpest gain since May 26. Transactions increased to 1,672,940 shares from 1,171,940 Thursday.

The market got away to a steady but quiet start. As trading progressed the carriers gathered momentum. Added to this, brokers said, was the gradual development of short selling, a good part of which centered on the Motors.

For the third successive day Allied Chemical jumped to a new high, scoring 91 points to 242 on moderate volume.

Chrysler, up 21 to 1201, led the automobiles. General Motors gained 4 to 694 and Auburn was up 11 to 331.

### St. Louis Produce

St. Louis.—(P)—Eggs, Mo. standards 231-24; Mo. No. 1 211; current receipts 17; undergrades 10-13.

Butter, creamery extras 354-364; standards 351; firsts 323; seconds 313. Butterfat, No. 1 34, No. 2 31.

### ADMINISTRATOR'S NOTICE

ESTATE OF OLIVE G. HUSS, DECEASED.

The undersigned having been appointed Administrator of the Estate of Olive G. Huss, deceased, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, on the 7th day of September, 1936, at which time all persons having claims against said Estate are notified and requested to attend for the purpose of having the same adjusted. All persons indebted to said Estate are requested to make immediate payment to the undersigned.

Dated this 31st day of July, A. D. 1936.

Walter C. Huss, Administrator.  
Carl E. Robinson, Attorney.

### SHERIFF'S SALE

By virtue of an execution to me directed by the Clerk of the Circuit Court of Morgan County, State of Illinois, in favor of John Adkins, plaintiff, and against Guss Hayes and Bertha Hayes, defendants, I have levied upon all right, title, interest and claim of Guss Hayes and Bertha Hayes in and to the following described real estate, to-wit:

Lots Fifty-eight (58), Fifty-nine (59) and Sixty (60) in the Town or Village of Prentice, Morgan County, Illinois;

as the property of the said Guss Hayes and Bertha Hayes, which property I shall offer at public sale to the highest and best bidder, for cash in hand, at the South front door of the Court House in Jacksonville, Morgan County, Illinois, on Saturday, the 22nd day of August, A. D. 1936, at ten o'clock A. M., to satisfy said execution.

Kenneth Woods, As Sheriff of Morgan County, Illinois.  
Dated this 31st day of July, A. D. 1936.

### LEAVES YESTERDAY

Mrs. John Fierke left last evening for Cincinnati, O., where she is planning to make her home. Mrs. Fierke has many friends in the city who will regret her leaving, since she has been active in many organizations.

### SHERIFF'S SALE

By virtue of an execution to me directed by the Clerk of the Circuit Court of Morgan County, State of Illinois, in favor of John Adkins, plaintiff, and against Guss Hayes and Bertha Hayes, defendants, I have levied upon all right, title, interest and claim of Guss Hayes and Bertha Hayes in and to the following described real estate, to-wit:

Lots Fifty-eight (58), Fifty-nine (59) and Sixty (60) in the Town or Village of Prentice, Morgan County, Illinois;

as the property of the said Augustus and Bertha Hayes, which property I shall offer at public sale to the highest and best bidder, for cash in hand, at the South front door of the Court House in Jacksonville, Morgan County, Illinois, on Saturday, the 22nd day of August, A. D. 1936, at ten o'clock A. M., to satisfy said execution.

Kenneth Woods, As Sheriff of Morgan County, Illinois.  
Dated this 31st day of July, A. D. 1936.

## Bond List Pushes To Higher Levels

### Few Government Issues Offered for Sale

New York, Aug. 7.—(P)—Led by U. S. Governments and corporate industrials, the Bond Market pushed into higher ground today in more active trading.

A strong stock market, brightened industrial and railroad news, and technical conditions within the market itself based on its failure to recede in the face of slack demand within the past week, all helped to create a firm undertone.

U. S. Government obligations displayed a particularly thin market on the offering side which forced buyers to bid aggressively for desired issues.

In the corporate division, the same group of steels and other industrials that have provided market leadership for the past several days continued in the vanguard. Youngstown Sheet & Tube 3 1/2 exchanged hands in the amount of \$372,000, par value, and closed at a new high at 126, up 2 1/2 points.

Others prominent on the upside included Allis-Chalmers 4 1/2, Chesapeake Corp. 5 1/2, Illinois Central 4 1/2, International Hydro-Electric 6 1/2 and Studebaker 6 1/2.

### St. Louis Cash Grain

St. Louis.—(P)—Cash: Wheat, No. 2 red 117 1/2-119 1/2; No. 3, 117 1/2; Corn, No. 2 yellow 113; No. 3, 112.

Oats, No. 2 white 44 1/2-45; No. 3, 44 1/2.

Futures: WHEAT High Low Close Sept. 113 1/2

Harold Palmer was among those transacting business in the city yesterday from Alsey.

### Chicago Cash Grain

Chicago.—(P)—Cash wheat, No. 2 red 1 1/2; sample grade red 1 1/2; No. 1 hard 1 1/2-2 1/2; No. 2 hard 1 1/2-2 1/2; Corn, No. 2 mixed 1 09 1/2; No. 1 yellow, 1 10-12; No. 2 yellow 1 10-12; No. 3 yellow 1 11; No. 5 yellow 1 08 1/2-09 1/2; No. 2 white 1 20 1/2-21 1/2; Oats, No. 1 white, 45-46 1/2; No. 2 white 44-46 1/2; No. 2 white old 44 1/2; No. 3 white 43-44 1/2; sample grade 40 1/2; no rye; Barley, actual sales 1 16-25; feed 70-90 nominal; malting 1 00-25 nominal; timothy seed 6 00-90 cwt.; Clover seed 17-25-22 00 cwt.

### TOWNSEND MEETING TO BE HELD IN GLASGOW

There will be a Townsend meeting at Glasgow tonight held in the park if the weather permits. If it rains, the meeting will take place in a hall, definite announcement being made at Glasgow.

Mr. Brooks of Chandlerville and Mrs. Holmes of Virginia will be the speakers and a large attendance is expected.

### CHICAGO CASH GRAIN

Chicago, Aug. 7.—(P)—Cash wheat was 1 to 2 cents lower. The basis was firm. Receipts 88 cars; shipping sales 82,000 bushels; booked to arrive 33,000 bushels.

Corn was unchanged to 2 cents higher. Receipts were 161 cars; shipping sales 88,000 bushels; booked to arrive 24,000.

Oats were unchanged. Receipts were 61 cars; shipping sales 147,000 bushels; booked to arrive 0,000.

Len Watson of the Woodson community was among those transacting business in the city yesterday.

### REMOVAL NOTICE

I have moved my office from 342 West State to 505 West State. Dr. B. K. Ennis.

## Farm and Rural Interest

### Jersey Farmers Increase Seedings of Rye and Barley for Coming Season; Outline Program for Weed Control; Questions and Answers on Soil Conservation

#### Rye and Barley Important

##### As Good Pasture Plants

Jersey County farmers are increasing the average acreage of rye and winter barley seeded for fall, winter and spring, pasture according to Farm Advisor C. T. Kibler, as a result of the disastrous effect of the drought and hot weather on pastures and forage crops.

"As pasture plants, rye or barley are the most important of small grain crops," Kibler said. "They will stand lots of abuse. They can be seeded both earlier and later than most small grain crops and produce a heavy vegetable growth. They are not bothered much by the Hessian fly, and can be heavily pastured and come through the winter to produce a crop. They grow at low temperatures and make an early growth in the spring."

"For best results as a winter pasture crop, rye or barley should be sown around the middle of August if rainfall permits. The seed bed preparation is similar to that for wheat. A rate of seeding is generally five pecks to the acre for rye and six pecks to the acre for barley."

#### Clean Cultivation Way

##### To Halt Weed Menace

An opportunity for Morgan county farmers to cope with the growing menace of certain noxious weeds has been opened to them through the 1936 agricultural conservation program.

Under the new program farmers will be able to practice sound weed control methods on an effective scale in connection with Canada thistle, perennial sow thistle and quack grass and qualify for class 1, or soil conserving, payment at the same time.

Farmers may receive the class 1 payment rate on their farm on any number of acres up to 75 per cent of their total soil-depleting base for which they clean cultivate for the eradication of Canada thistle, perennial sow thistle and quack grass.

Whether a local farmer will be eligible for payment for the control of these weeds, which have been designated by the state committee, will depend upon whether the county committee determines that the weeds exist to such an extent that they are a menace on his farm. The clean cultivation must completely prevent the growth of the weeds after July 1.

When performance is checked on his farm later in the year, the farmer must be able to show that the cultivation proved successful during the growing season and that he did not allow the ripening of seed or the further infestation of these weeds on other parts of his farm.

#### Question Box On Soil Conservation

Answers to a few questions pertaining to the 1936 Agricultural Conservation Program have been prepared in co-operation with the extension service of the College of Agriculture, University of Illinois. In printing these answers, the Journal hopes to bring to its readers accurate information on the new program.

Q—Can the use of chlorates be substituted for clean cultivation in controlling weeds for class 1 payment?

A—No. The state committee has designated clean cultivation as the method by which farmers may qualify for class 1 payments for the control of Canada thistle, perennial sow thistle and quack grass.

Q—What is the minimum amount of limestone that must be applied to qualify for a class 2 payment?

A—The state committee has designated two tons an acre as the minimum for earning class 2 payments in Illinois.

Q—May hydrated lime or marl be substituted for limestone under the soil-building practices?

A—Calcereous materials may be substituted for limestone, but must be the equivalent of not less than two tons of limestone an acre. Wherever substitutes are to be used, the county committee should make application to the state committee for a ruling as to the amount of the substitute which will be accepted as the equivalent of two tons of limestone to the acre.

Q—Has the state committee designated application of potash as a practice for earning class 2 payments?

A—Practically all muriate of potash applied in this state is directly for soil-depleting crops. Therefore the state committee has not considered applications of potash as a practice for earning class 2 payments.

Q—May class 2 payments be earned by applications of gypsum?

A—The state committee does not accept the application of gypsum as a practice for earning soil-building, or class 2, payments.

Q—Is the building of terraces a practice by which class 2 payments may be earned?

A—The state committee does not accept the building of terraces as a practice for earning soil-building payments in 1936.

#### Small Delinquency In Farm Mortgages

Illinois, Missouri and Arkansas farmers who obtained first and second mortgage land bank commissioner loans during the last three years to refinance their debts paid 93.1 per cent of their installments up to June 1, 1936, compared to 89.7 percent paid up at the corresponding date one year earlier, the FCA reported.

Over 35,000 land bank commissioner loans were made in these states during the three year period amounting to 74 million dollars. Installments on these loans up to June 1

amounted to \$4,198,000, of which \$3,006,000 had been collected.

Collection on these commissioner loans, about half of which were made on second mortgages and many of them to distressed borrowers, have been improving almost steadily over the last two years in this section and in most other sections of the country, stated the FCA. For the country as a whole the collection rate was 86.8 percent at the first of June this year, compared to 82.8 percent one year earlier.

### Chicago Livestock

Chicago.—(P)—Hogs, 8,000, including 2,500 direct; steady to strong, spots 5c to 10c higher than Thursday's average; pigs and under weights weak to 25c lower; practical top \$11.20; part load, \$11.25; bulk, 180-250 lbs. \$10.85; 11-15; most 250 to 300 lbs. \$10.40 to \$11.00; best sows, \$9.60.

Cattle—2,000; calves 500; the few fed steers sold steady; medium grades all cleaned up fairly well at no reduction in price; part load yearling \$8.75; 1,250 lb. steers, \$8.60; she stock also cleaned up well at steady price; better grades fully steady; heifers selling under \$5.00 uneven and hardest to move; bulls steady; practical top, \$5.50; vealers steady at \$8.50 down; stocker and feeder demand slackening but no excessive holdover and prices steady.

Sheep—4,000, including 2,000 direct; better grade lambs active, strong to 25c higher; bulk natives \$10.00; 50; shipper top, \$10.75; medium and lower grades steady; load 81 pound Washington rangers, \$10.50; load fed Texas yearlings, \$8.60; slaughter sheep steady; most ewes, \$2.50 to \$3.50; few lightweights, \$3.75.

### CLOSING GOVERNMENT BONDS

HOLC 2 1/2 101.23

Joe Fitzpatrick was in the city yesterday from Waverly.

## Livestock Market Holds Steady Level

### Receipts are Reduced; Lamb Prices Rise

Chicago, Aug. 7.—(P)—Reduced receipts strengthened the livestock markets in practically all branches today. Another favorable factor was the wholesale meat trade which held to a steady level.

Hogs ruled steady to strong throughout the day with spots 5-10 higher. A few pigs and light weight swine were weak to 25 cents lower. The practical top was \$11.20, although a part load of best swine sold as high as \$11.25, representing a 10 cent advance compared with yesterday's peak price.

The cattle market was cleared fairly well with the bulk of the small run selling at steady prices. Better grade she stock ruled fully steady, heifers selling under \$5 were uneven and hardest to move. The demand for stockers and feeders slackened although there were no excessive holdovers, and the prices were steady.

Better grade lambs ruled strong to 25 cents higher in the sheep market. The rest were steady. The top paid by shippers for native lambs was \$10.75.

### E. St. Louis Livestock

East St. Louis, Ill.—(P)—(U. S. Dept. Agr.)—Hogs—4,500; none through; 500 direct; active to all interests; strong to 10c higher; top, \$11.25; bulk 170-250 lbs., \$11.00; a few 250-300 lbs., \$10.50; 11-15; 140-160 lbs., \$10.10; \$10.65, a few \$10.75; 100-130 lbs., \$8.00; \$9.75; sows mostly \$8.35 to \$9.25.

Cattle—1,800; calves, 1,000; not enough native steers on sale to make a market; four cars of Oklahoma grass steers in cutter and common flesh offered; other classes generally steady.

In a clean-up trade; a few mixed yearlings and heifers, \$5 to \$8; beef cows, \$4 to \$5; cutters and low cutters, \$3 to \$3.75; sausage bulls largely \$4.25 to \$5; top vealers, \$8; nominal range slaughter steers, \$4.75 to \$9; slaughter heifers, \$4.50 to \$8.75.

Sheep—2,000; opened steady to strong to small killers; choice lambs, \$10.25, some lots \$10.50; no early packer bids, bulk of supplies held higher; sheep steady; slaughter ewes, \$3 to \$3.75.

## Industrials and Oils Rise On Curb

### Pepperell Up Five Points; Entire Market Firm

New York, Aug. 7.—(P)—Oils and industrial specialties along with a few utilities were the chief outlets for buying enthusiasm in a firm curb market today.

Gains of around 3 points each were recorded for Pittsburgh Plate Glass at 134, Sherwin-Williams at 135 1/2 and Chicago river & Michigan at 29 1/2. Pepperell added 5 points at 83.

Other gainers of more than a point included Gulf Oil, Col's Firearms, Creole Petroleum, Newmont Mining, Pan American Airways and Mueller Brass.

Mrs. Henry Wallbaum of the Alexander community was among those shopping in the city yesterday.

### STUDIO COUCHES

Floor Samples, Only Few Left ONE-THIRD OFF HOPPER & HAMM

## Canadian Reports Drop Wheat Values

### Wheat Harvest in Some Areas Making Record Yield

Chicago, Aug. 7.—(P)—Big breaks in wheat values today accompanied advances that Canada with her harvest in full blast was expecting undersold in Europe by other exporting countries.

Export demand for Canadian wheat at the moment appeared to have about vanished, and much selling of wheat futures today at Winnipeg was ascribed to American interests. Late as well as early the Winnipeg market approached a condition of collapse, and tumbled more than 4 cents a bushel.

Dispatches at hand said the wheat harvest is making an all-time record for early cutting in the Peace river, section of Canada, with many

A.A.U.W. REVISES NATIONAL HOUSE

Through the state officers, word has been received by the local branches of the A.A.U.W. that a reorganization of the national organization will take place. The club house is located in Washington, D. C. and its management has been revised according to a survey made by Isabel Norton, consultant of office and institution management.

Both the Washington branch and the national organization will take charge of the management. The first floor is occupied by the club rooms of the Washington branch and the second floor by the restaurant operated by the branch; and on the third and fifth floors are bedrooms available for members, upon reservation.

The lounge and dining room are cool and inviting for relaxation or social affairs. Club house facilities are available to any non-resident member for one month during the year. Guest cards may be secured from headquarters, giving friends of members the privilege of using the club house.

The association is finding the national headquarters a splendid gathering place for members from all parts of the United States and other countries, making also an attractive national building.

ZION CHURCH IS NOT SAME AS MT. ZION

Zion is Located Six Miles Southeast of Murrayville

When two churches have names which are as similar as Zion M. E. church and Mt. Zion M. E. church, they have to be pretty careful when they have a public affair not to get the people confused. The Zion M. E. church, which is to have a chicken supper and burgoon this evening, is located about six miles southeast of Murrayville. The Mt. Zion church, on the other hand, is situated some distance northwest of Jacksonville.

Rev. C. W. Gant is the pastor of the Zion church near Murrayville, while Rev. Francis Smith is the minister of the Mt. Zion congregation.

RECOVERS FROM OPERATION

Helen Louise Hutson of 847 S. Main street, is recovering nicely after undergoing operation for removal of tonsils at Passavant hospital, Wednesday morning.

# Attempt Made to Wreck Train on Wabash Road; Find Timbers on Track

What is believed was an attempt to wreck a train on the Wabash railway near Orleans was frustrated when H. L. Little, Wabash lineman of this city, removed two railroad ties from the tracks yesterday afternoon. The discovery of the timbers on the railroad was made by Little at 3:50 o'clock yesterday afternoon just a short time before the fast eastbound freight train No. 90, passed over the tracks where the ties were found.

## Annual Scott 4-H Girls' Show Held At Park Yesterday

### Competition Is Keen for Club Honors in Winchester Event

Winchester, Aug. 7.—The annual Girls' 4-H Club show for Scott county was held at the Monument Park in Winchester today. The show, which commenced at 9 o'clock this morning and continued throughout the day, marked the completion of the Girls' 4-H Club work for this season. Competition was keen in the various displays which were illustrative of the very creditable work done by the clubs of this county.

Mrs. Carroll Bush and Miss Virginia Anderson of Pittsfield acted as judges.

All girls did very creditable work and the placings were as follows: First Year Beginning Clothing: Slip, Beulah Rae Summers, First; Darn on Stocking, Beulah Rae Summers, First.

Second Year Beginning Clothing: Wash Dress, Grace Ellen Arnold, First; Clara Zachary, Second; Barbara Jean Gossop, Third; Mary Elizabeth Farrell, Fourth.

Slip, Clara Zachary, First; Grace Ellen Arnold, Second; Mary Elizabeth Farrell, Third; Geraldine Clark Fourth.

Children of Trinity Parish Leave for Camp At Kampsville

Twenty-four young people to enjoy outing at two camps

Twenty-four children of Trinity parish started for camp Friday morning. Eight girls, under the leadership of Mrs. Clara Little, will enjoy a week's outing at Kampsville. They were driven to their destination by Roy Holman, Charles Fawcett, Miss Meriam Russell and Miss Anna Bellatti. Those going to the camp were the following girls: Elsie Ada, and Dorothy Hipkins, Eleanor Bond, Florence Feely, Betty Ann Curtis, Gertrude Crawford and Bonnie Wood.

Fifteen boys, members of the Order of Sir Galahad, are going a distance of some two hundred sixty miles to a cabin in Bennett Springs State park, Missouri. They are being driven by F. German, George Busby, A. A. Martin, and Paul Knox. Those going on the trip are the following: Jack German, Art and Don Martin, Phil Hauck, Tom Busby, Art Vorhes, Russell Schick-edanz, Ed Knox, and Wilbur Phillips. The boys have well earned their camp by hard work directly in preparation for it, assisting in the Vacation school, and by serving daily in the church at the celebrations of the Holy Eucharist.

Mr. and Mrs. Robert Fanning were here yesterday from Murrayville.

William Lewis was in the city yesterday from Murrayville.

## Republican Day At Illinois Fair To Be Held Aug. 19

### Program of Speaking to Begin At Springfield At Noon

Republican Day will be observed at the Illinois State Fair at Springfield, Wednesday, August 19, R. Y. Rowe, state central committeeman from the 20th district announced Friday. Plans are now being completed for a program in observance of the day.

The program will start at 11:30 o'clock, a. m., with a concert by the Chicago Board of Trade American Legion post band, under the direction of Col. Armand F. Hand, in front of the grandstand. The speaking program will begin promptly at 12 o'clock, noon, and will be completed by 1:30 o'clock in the afternoon. The speaking will be followed by the fair program of horse races.

Arrangements for the headquarters tent on the fair grounds have been completed. The tent will be located on the main street between the administration building and the amphitheater. There will be registration desks for Republican men, women, colored voters, young Republican men and young Republican women.

## Pires Hearing Is Continued To Sept.

### Jacksonville Man Makes Appearance in Scott County Court

Winchester, Aug. 7.—Charles Ellsworth Pires was brought before Justice of Peace, N. L. Hamilton, here Thursday on a state warrant, charging him with manslaughter, in connection with the automobile accident, which resulted in the death of Henry J. Rolf. Pires was represented by Oscar Jackson, Jacksonville attorney. The accused asked that the preliminary hearing before the Justice of Peace be continued until a later date and his motion was allowed. The preliminary hearing was set for the 1st day of September at 10:00 o'clock in the morning. Pires is under a \$2000 bond for his appearance at this hearing.

**News Notes**  
Mr. and Mrs. Ivan Hawk and Mr. and Mrs. Roy Dietler left this morning for a vacation tour in Wisconsin.

Mrs. Harvey McCool and children of Petersburg attended the Christian Church picnic here today.

Mr. and Mrs. Everett Patterson visited Dr. and Mrs. James W. Putnam, who are visiting in Jacksonville, yesterday evening.

Mr. and Mrs. James Bailey are visiting Mrs. Bailey's parents, Mr. and Mrs. W. B. Clark.

## County Veterans Elect Officers At Meredosia Meet

### John W. Larson Is Commander of Organization; 60 Attend Session

The election of officers for the Morgan county American Legion was held at the Meredosia Legion clubhouse last night. John W. Larson of this city was re-elected commander of the organization. Other officers elected were: senior vice-commander—Charles Weghoff, Meredosia; junior vice-commander—J. V. Goodin, Waverly; adjutant—G. Leonard Hills, Jacksonville.

Sixty veterans attended the meeting with posts from Waverly, Murrayville, Meredosia and Jacksonville represented. The Meredosia post reported 19 members had paid their dues for 1937 and it is expected that the membership will be one hundred per cent paid by next week.

Refreshments were served at the meeting.

## County's Share of July M.F.T. is Set At \$4,477 by State

### Receipts for Month Show Drop from Total Received During June

Morgan county's share of the Motor Fuel Tax, collected during July, was announced yesterday as \$4,477 by the state department of finance. The total is slightly under the amount credited to the county's account in June.

Illinois counties received a total net allotment of \$721,562 as their share of motor fuel tax receipts for July, \$42,255 less than the June net allotment. The State Department of Finance reported yesterday.

The funds remain in the state treasury until they are expended on road improvement projects, approved by the state highway department. The allotment is made to the counties under certain conditions, all of which have to do with improvements to the roads of the county.

Robert Anderson of the Waverly community was a business visitor in the city yesterday.

C. E. Vaughn was in the city yesterday from Chandlerville.

Mrs. Irving Staffing was in the city yesterday from Bath.

## Three a Crowd? Not for Manville

"I'm five months behind on my marriages now," Tommy Manville, much-wed asbestos heir, announced on his return from Europe, accompanied by left, brunet Jacqueline Dahlia, French tutor, and blond Dolly Goring, his secretary. Which is why he wishes Marcelle Edwards would hurry their divorce. Nancy Carroll, not one of these fair charmers, is his nominee for Mrs. Manville No. 5.

## Council Rejects Rainey Memorial Site At Meeting

### Carrollton Officials Vote Down Proposal To Use Legion Park

Carrollton, Ill., Aug. 7.—A resolution permitting the erection of the memorial to the late Speaker of the National House of Representatives, Hon. Henry T. Rainey, at American Legion park, a triangular plot of ground at the north edge of this city on Route 67, was turned down Tuesday night by a unanimous vote of the city council.

The parents of the resolution set forth that the memorial commission had expressed a willingness to locate the memorial on the American Legion site; that Carrollton Post No. 114, had by resolution expressed a desire to have the monument erected there; and that it is the general opinion that the use of said premises for such purpose would be a fitting memorial to the services of Henry Rainey.

The resolution proposed that the premises should hereafter be known as the Rainey Memorial Park, and that it should be under the care and control of the Carrollton park board; that the memorial commission should have authority to erect the monument thereon at such point as it might determine, and further to landscape and improve all or any part of the grounds; and that the Carrollton park board should thereafter keep and maintain said park in good and suitable condition, prohibiting any signs or structures thereon.

The main reason for rejecting was because it would put upon the city the expense of caring for and maintaining a third park. Carrollton already has two parks that must be kept in a fit and creditable shape and the city council thought this was enough for a city of this size. The question was raised of using the plot of ground for any purpose except for a swimming pool, for which purpose it was deeded to the American Legion.

**News Notes**  
About sixty relatives and friends assembled at the home of Mr. and Mrs. G. E. Meldrum Sunday to celebrate birthday, that of their daughter, Mrs. G. H. Mabery, their sons, Floyd and Kenneth Meldrum, of Carrollton; an uncle, F. B. Brown of Jerseyville, and W. F. Dowdell of Carrollton. There were persons from St. Louis, Mo., Wood River, Jerseyville, Carlinville, Palmyra, White Hall, Roodhouse, Carrollton and the immediate neighboring towns. The day was spent in a general family gathering, a picnic dinner of the real old style fried chicken, that in a few years past was a regular treat to any visiting a farm in these parts, but which now is rarely served. An excellent program of sports and games was carried out in the afternoon and as night approached another delightful meal was served, and all went to their different homes happy.

Ira Dell Cunnitt is spending the week in Chicago. Mrs. Kate Freer is a guest this week of Mrs. Lucy Varble. Joseph Kamp of Kampsville was a guest this week of his brother-in-law and sister, Mrs. Joseph Hartman.

Miss Jennie Stone visited in Jacksonville Sunday with her nephew, Clyde Stone.

Miss Nell Carmody is spending this week in Wood River, a guest of her sister, Mrs. Michael Hayes.

A Modern Woodman picnic is being held this week in Bellview, Calhoun county. The picnic was begun Thursday and will continue until midnight Saturday.

## PLAN DOUBLEHEADER GAME AT PARK

There will be a doubleheader softball game at Nichols Park Sunday night. In the opener Roodhouse will meet the Jacksonville All-Stars. Moody and Cooney will be batteries for the latter team.

The Carrollton girls will play Smith Hardware Girls in the nightcap. If possible, a curtain raiser contest between two junior league softball teams will be arranged.

Amos McCurley of the Woodson community was among those transacting business in the city yesterday.

Miss Mary Prather was in the city yesterday from Manchester.

Miss Glenna Cuddy was included in the number of shoppers in the city yesterday afternoon.

Thomas Smith of Franklin was in the city yesterday.

Douglas Lacey has returned from a visit in Ludington, Michigan.

Vernor Van Bibber was in the city yesterday from Nortonville.
